Project Location

Route 6 in Eastham/Wellfleet

3

- One lane in each direction will be maintained during construction.
- Nighttime operation is allowed between approved hrs of 9PM & 6AM as approved by the Engineer.
- Construction will take approx. three years from NTP.

Overview

Scope of Services/Purpose & Need

4

Scope of Services

- Resurfacing a portion of Route 6 starting in Eastham into Wellfleet.
- Work primarily consists of pavement milling, resurfacing, re-stripping including buffered bike lanes and crosswalks, four new bus stops with pedestrian crossing signals.
- Full traffic signal upgrades are proposed at the Marconi Beach Road intersection.
- Work also includes guardrail replacement, new curb, sidewalk, and accessible ramps where bus stops are being improved, traffic management, clearing and grubbing, drainage improvements including adjustments and modifications.

Purpose & Need

- Existing pavement has degraded to a poor level and requires resurfacing. Resurfacing will improve the pavement serviceability, condition, and roadway safety.
- Traffic signal equipment is outdated at Marconi Beach Road.
