101 CMR: EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

101 CMR 613.00: HEALTH SAFETY NET ELIGIBLE SERVICES

1. The Health Safety Net Office may request, and the pPprovider must provide, any and all medical records (or clear photocopies of such records) corresponding to or documenting the services claimed upon request of the Health Safety Net Office or its agent.
2. The medical record must contain sufficient data to document fully the nature, extent, quality, and necessity of the care provided to a pPatient for each service claimed for payment.
3. For services for which MassHealth requires prior authorization, the pProvider must ensure that current clinical standards are used to determine whether the service is medically necessary. The Health Safety Net Office or its agent may audit claims to verify medical necessity.
4. All pPproviders must make diligent efforts to obtain payment first from other resources, including personal injury protection (PIP) payments, to ensure that the Health Safety Net is the payer of last resort.
5. If the Health Safety Net Office, or its agent, identifies a third-party resource after the pProvider has billed and received payment from the Health Safety Net, it will notify the pProvider of this available third-party resource. Upon receipt of notification, the pProvider must remit the Health Safety Net payment or provide documentation of diligent efforts as described in 101 CMR 613.03(1)(c)3. to obtain payment from the third-party resource. 4. Acute Hospitals. The pPatient must incur expenses for rReimbursable hHealth sServices in excess of the annual deductible before the pProvider may submit a claim for rReimbursable hHealth sServices. A Massachusetts rResident at any cCountable iIncome level may qualify for mMedical hHardship if allowable medical expenses exceed a certain percentage of his or her cCountable iIncome as specified in 101 CMR 613.05(1)(c). A determination of mMedical hHardship is a one-time determination and not an ongoing eligibility category. An applicant may submit no more than two mMedical hHardship applications within a 12-month period.

(b) Countable Income.

1. Gross Earned Income.

a. Gross earned income is the total amount of compensation received for work or services performed without regard to any deductions.

b. Gross earned income for the self-employed is the total amount of business income listed on the most recently filed federal tax return or allowable on a federal tax return.

c. Seasonal income is income derived from an income source that is associated with a particular time of the year. 2. Gross Unearned Income.

a. Gross unearned income is the total amount of income that does not directly result from the individual's own labor before any income deductions are made.

b. Unearned income includes, but is not limited to, social security benefits, railroad retirement benefits, pensions, annuities, federal veterans' benefits, interest and dividend income, unemployment benefits, child support, and alimony.

(2) Eligibility Determination. An applicant for mMedical hHardship must complete a mMedical hHardship application and provide required documentation of cCountable iIncome, documentation of Massachusetts residency, proof of identity, and detailed, itemized documentation of medical expenses. The Health Safety Net Office processes applications for mMedical hHardship and verifies information contained in the application. Providers must assist the applicant to complete the mMedical hHardship application and assemble the required documentation. Once the applicant has completed the application and assembled all of the required documentation, the pProvider assisting the applicant must submit the completed application to the Health Safety Net office within five business days. If the pProvider assisting the applicant fails to submit the completed application to the Health Safety Net Office within that time frame, the pProvider may not undertake a cCollection aAction against the applicant with respect to any bills that would have been eligible for mMedical hHardship payment had the application been submitted and approved. The Health Safety Net Office approves an application for mMedical hHardship if the applicant's allowable medical expenses exceed the percentage of cCountable iIncome listed above. If the applicant reports cCountable iIncome less than or equal to 405% of the FPL, the applicant must submit an aAapplication, with all required documentation. Allowable medical expenses may include only mMedical hHardship fFamily medical bills from any health care pProvider that, if paid, would qualify as deductible medical expenses for federal income tax purposes. Allowable medical expenses include paid and unpaid bills for services provided up to 12 months prior to the date of the mMedical hHardship application for which the pPatient is responsible. If a pPatient does not receive an initial medical bill for more than nine months from when the services were provided, the bill may still be considered an allowable medical expense if a mMedical hHardship application is submitted within 90 days of the date of the initial medical bill for the service. Allowable medical expenses do not include bills for services incurred while the applicant was a lLow-iIncome pPatient unless the applicant was a dDental-oOnly lLow-iIncome pPatient on the date of service. Allowable medical expenses do not include bills for services incurred while the

applicant was enrolled in MassHealth or the Premium Assistance Payment Program Operated by the Health Connector. Bills included in an approved mMedical hHardship determination cannot be included in a subsequent mMedical hHardship application.

(4) Payable Medical Expenses. The Health Safety Net pays only for the services described in 101 CMR 613.03(2) through (4). Other allowable medical expenses are not eligible for Health Safety Net payment.

(5) Medical Hardship Contribution.

(a) The applicant's required contribution is calculated as the specified percentage of cCountable iIncome in 101 CMR 613.05(1)(b) based on the mMedical hHardship fFamily's FPL multiplied by the actual cCountable iIncome less bills not eligible for Health Safety Net payment, for which the applicant will remain responsible.

(b) There is one mMedical hHardship contribution for each mMedical hHardship determination. If the applicant is determined a lLow-iIncome pPatient or eligible for MassHealth, the applicant's required contribution will be deferred until the applicant's lLow-iIncome pPatient status or MassHealth eligibility is ended. If the Health Safety Net Office approves two mMedical hHardship applications during a 12-month period, it will prorate the required contribution amounts.

(a) An approval notice explains that the person is eligible for mMedical hHardship; includes the dates for which allowable medical expenses may be included; includes the amount of the applicant's mMedical hHardship contribution; lists the services that do not qualify as eEligible sServices; and includes a contact number for more information. The Office also notifies pProviders with bills included in the applicant's allowable medical expenses of the determination and allocates the applicant's contribution to each pProvider based on the dates of services and gross charges of services provided to the applicant's mMedical hHardship fFamily.

(b) A denial notice explains that the person is not eligible for mMedical hHardship and the reasons for the eligibility denial. Both the pPatient and pProvider are notified of the denial.

(7) Claims. When the Health Safety Net Office approves a mMedical hHardship application, it notifies those pProviders whose services were included in the documentation of medical expenses required under 101 CMR 613.05(2). To be eligible for payment for any such service, the pProvider must submit a claim to the Health Safety Net Office within 18 months of the date of service. If the pPatient or gGuarantor is unable to provide the information needed, and the pPatient consents, an aAcute hHospital must make reasonable efforts to contact the relatives, friends, and gGuarantor and the pPatient for additional information while the pPatient is in the aAcute hHospital. v. documentation of continuous cCollection aAction undertaken on a regular, frequent basis. When evaluating whether a pProvider has engaged in continuous cCollection aAction, the Health Safety Net Office may use a gap in cCollection aAction of greater than 120 days as a guideline for noncompliance, but may use its

discretion when determining whether a pProvider has made a reasonable effort to meet the standard.

c. If, after reasonable attempts to collect a bill, the debt for eEmergency sServices for an uninsured individual remains unpaid after a period of 120 days of continuous cCollection aAction, the bill may be deemed uncollectible and billed to the Health Safety Net Office.
