**August 2008**

**TO:** Psychiatric Day Treatment Programs Participating in MassHealth  
**FROM:** Tom Dehner, Medicaid Director   
**RE:** Requirements for Functional-Level Report

---

**Change**

MassHealth is making a change to its psychiatric day treatment (PDT) program procedures. Currently, providers submit a monthly functional-level report to MassHealth. Effective for dates of service on or after August 1, 2008, PDT program providers are no longer required to submit this report. However, in accordance with the PDT program regulations at 130 CMR 417.411 and 417.437, providers must continue to complete the documentation for monthly functional-level assessments and maintain this documentation onsite.

---

**Reminder**

PDT program providers are reminded that the administrative and billing regulations at 130 CMR 450.205 require providers to fully disclose any documentation that MassHealth may request.
