

The Massachusetts Department of Transportation invites you to a

Public Workshop

on the

Worcester Kelley Square Improvement Project

Wednesday, October 10, 2018 at 6:00 PM

White Room, Crompton Collective

138 Green Street, Worcester

MassDOT and the City of Worcester are working on a project to improve operations and safety within the general Kelley Square area of Worcester. The project will address the safety and operational deficiencies all users face, including motorists, bicyclists and pedestrians, while also supporting the local businesses and residents who call Kelley Square their home.

MassDOT and the project team will present the need for the project to the community at this meeting, the first of several. The information will include a summary of the existing conditions and a request for YOUR input. How do you use Kelley Square and how can it be improved for drivers, pedestrians, bicyclists, businesses and visitors?
