

Putting Data to Work: 23 Health Indicators by Occupation and Industry - Findings from the  
Massachusetts Behavioral Risk Factor Surveillance System, 2012-2013  
January 2016

**Errata to Occupation Figures 1a-23a**

Due to the discovery of a minor glitch in occupation coding post-publication, findings for the Transportation & Material Moving occupation group have been updated in the January 2016 versions of the report and accompanying data brief and might differ slightly from those in the September 2015 versions.
