Dear Mr. Fengler:

Your letter to Christine E. Morris, Secretary of the Massachusetts Department of Labor and Industries, dated February 19, 1996 was forwarded to me for a response.

Six of the seven questions asked to Secretary Morris in that letter are the same as the questions asked in your letter to her of December 6, 1994 (copy attached). Answers to those questions remain in my response letter to you of January 25, 1996 (copy also attached).

In response to your new question, it is the Department of Labor and Industries which determines the proper job classifications to be used on public works projects. Feel free to contact me directly if you have any specific inquiries regarding this matter.

As always, I am available if you have any questions regarding the Massachusetts prevailing wage law.

Sincerely,

A handwritten signature in cursive script, reading "Robert J. Prezioso".
