## 1 INTERFACE: DELIMITED FILE FORMAT

---

### 1.1 INTERFACE SUMMARY INFORMATION

The information that follows provides extensive detail with the key information, data definitions, and formatting instructions for generating a Delimited Employment and Wage File for submission to the Massachusetts Department of Unemployment Assistance.

Delimited files can be easily generated using spreadsheets (i.e., Excel). Simply format the spreadsheet columns in the order and with the properties as listed below; then, save the information as a \*.txt or \*.csv file. For simple reference, see the Delimited File Format "Quick Reference Guide"

<b>Interface Summary Information</b>	
<b>Interface Name</b>	Electronic Employment and Wage Detail Filing - Delimited Format
<b>Purpose of Interface</b>	The purpose of the Delimited interface is to allow employers and Third Party Administrators (TPA) to upload employment and wage detail information via online or secure FTP file upload processes.
<b>Trigger for Interface</b>	Employer/TPA creates file and either submits via online Employment and Wage Submission process through self-service system; or, via secure FTP file folder designated to individual employers and TPA organizations (by assignment only).  Massachusetts Division of Unemployment Assistance processes file in both real-time and batch processing depending on file sizes and system load.
<b>Post-conditions</b>	<ul style="list-style-type: none"><li>• File processed or rejected.</li><li>• Employment and Wage records posted to employer(s) account(s).</li><li>• UI and UHI Contributions and Charges are calculated and posted.</li><li>• Online Filers receive real-time edits, calculation notice, and confirmation.</li><li>• FTP Filers receive FTP Acknowledgement File</li></ul>
