RAFT/ERAP Policy Change: Context and Goals

CONTEXT

• Massachusetts was awarded $843M federal funds for a time-limited emergency housing assistance program (ERA) for renters impacted by COVID-19. As of December 4th, Massachusetts has spent or obligated roughly 50% of ERA funds, or $419M.

• DHCD understands that agencies have consistently high numbers of new applications each week and are concerned about limited RAFT funding and increasingly more limited ERAP funds as time passes.

• ERA reallocation from the Treasury is possible, but not guaranteed. Some states (Texas, New York, Oregon, New Jersey) have already closed or are closing their ERAP applications this month.

NEED

Extend ERAP and RAFT dollars. Limit operational impacts on RAAs/RAP Center.
RAFT/ERAP Policy Change Goals:

1. **Slow spending**, allowing ERAP to extend closer to FY23 when the RAFT program will be available

2. **Speed processing**, by implementing quick, time-saving program changes

3. **Advance policy goals**, by focusing time and dollars on households in the greatest need

4. **Provide a gradual transition** toward post-ERAP programming in FY23
 MONTHLY VIEW – HOUSEHOLDS SERVED

Continue to serve as many NEW households as possible through MA Rental Assistance Programs

Note: Total # of Unique Households Served is deduplicated across all months. Total # of households served in a single month are unique to that month; however, some households may have received a payment for more than one month (stipends).

12/13/2021

54,880 Total # of Unique Households Served

*8,626 households were assisted with $40.3M of ERAP (formerly paid by RAFT) prior to official ERAP launch date

| Policy change  | • New policy requires at least **one month of arrears** to use the “Pre-Court Rental Assistance” housing crisis  
• Arrears are not required for households seeking assistance with any of the other eligible housing crises |
| Policy details | • Households seeking ERAP (or RAFT) will no longer be found eligible for prospective rental assistance (stipends) under the “Pre-Court Rental Assistance” crisis without first owing at least one month of rent arrears  
• Households with any other eligible housing crisis may still be found eligible for stipends as part of their overall award, even if they do not have rent arrears  
• A formal Notice to Quit is still not required, but will be accepted. Other acceptable documentation examples: rent ledger, notice from landlord, letter from landlord |
<p>| Example        | • A client is seeking assistance because they expect to fall behind on their rent next month due to a recent job loss. This household would not yet be eligible for assistance, but is welcome to apply next month if they do fall behind on their rent |</p>

### ERAP Recertifications Ending

<table>

</table>
| **Policy change** | • Households can no longer “recertify” for an additional three months of rental stipends after the initial award  
• However, households are welcome to reapply if they fall behind on rent and accrue arrears after receiving ERAP  
• The DHCD “recert application” on Formstack will sunset on December 31, 2021 |
| **Policy details** | • Households approved for ERAP will continue to be offered **three months of rental stipends equal to 100% of the full contract rent**  
• Stipends that were approved as part of a recertification application into 2022 will still be paid |
| **Key dates** | • **Beginning of December 2021** - Final invitation to recertify sent by DHCD (to households whose last scheduled stipends were for December 2021)  
  • This group of HHs will have the opportunity to recertify for up to 3 months of stipends (Jan, Feb, and Mar 2022).  
• **After December 31, 2021** - While no new recerts will be accepted, RAAs can continue to process and pay recerts already in their pipeline **until all have been processed** |
<p>| <strong>Example</strong> | • Household was approved on November 5, 2021 for ERAP for arrears and three stipends (December 1, 2021; January 1, 2022; and February 1, 2022). This household is not eligible to recertify because by the time they would have recertified (February 2022 for March, April, and May stipends), the recertification process will have ended. If this household is unable to pay March rent, they may reapply for ERAP in March or later for the back rent |</p>
<table>
<thead>
<tr>
<th>Category</th>
<th>Details</th>
</tr>
</thead>
</table>
| **Policy change**       | • Households who have already maxed out their ERAP benefit may not use RAFT until at least FY23  
                          • Households who are eligible for ERAP may only use ERAP, not RAFT                                                                                                                                                                                                       |
| **Policy details**      | • 1) Households who have used the full ERAP benefit (18 months of rental assistance and/or $2,500 of utility assistance) and who reapply will be found ineligible and denied. They may not use RAFT instead  
                          • 2) Households cannot combine ERAP and RAFT at the same time  
                          • There are no restrictions on getting ERAP if the household received RAFT before, but a household cannot be served with RAFT now if they are eligible for ERAP now. ERAP continues to be the fund that we need to prioritize |
| **Examples**            | • A household who received RAFT in July 2021 and who reapply for emergency rental assistance in January 2022 may be found eligible for ERAP. Having received RAFT will not prevent them from receiving ERAP if they are otherwise eligible                                                                                           |

CASE STUDY
Scenario:
My name is Jennifer Lopez. I live in an apartment in Fall River. I have been renting this apartment for 4 years now.

From February 2020 to July 2021, I only paid $500 every month of my $1500 rent. My landlord has not taken me to court, but I worry that he will soon if I don’t pay. He just sent me a notice saying I owe him $1000 for each of those 18 months, so $18,000 total. I can’t afford to pay it.

I am applying for emergency housing assistance because of a financial hardship due to COVID-19—during the pandemic, I took a leave of absence from my job due to my poor health and now my hours at the library are reduced. I receive Social Security, but I can’t afford my rent on my income alone.

I provided the required documentation when my caseworker helped me submit a central application on Jan. 10, 2022.

Am I eligible for any of your emergency housing payment assistance programs?
