(2) Reimbursement as Full Payment. Each eligible provider must, as a condition of acceptance of payment made by any purchasing governmental units for services rendered, accept the approved program rate as full payment and discharge of all obligations for the services rendered. Payment from any other source will be used to offset the amount of the purchasing governmental unit's obligation for services rendered to the publicly assisted client.

(3) Payment Limitations. No purchasing governmental unit may pay less than or more than the approved program rate.

(4) Administrative Adjustment for Extraordinary Circumstances. A provider may petition the purchasing governmental unit for an administrative adjustment to reflect increases in operating costs due to unusual and unforeseen circumstances or extraordinary client service requirements not considered in the development of the current rates. Unusual and unforeseen circumstances are events of catastrophic nature (*e.g.*, fire, flood, or earthquake) that are not covered by insurance that the prudent provider would carry. The provider must demonstrate that such cost increases gravely
