101 CMR 306: RATES FOR MENTAL HEALTH SERVICES PROVIDED IN COMMUNITY HEALTH CENTERS AND MENTAL HEALTH CENTERS

- (d) Rates for Medication Visit. Services for Medication Visit shall be billed using the appropriate E/M code: 99201-99205, 99211-99215, 99304-99310, 99324-99328, 99334-99337, 99341-99345, and 99347-99350. Definitions, payment rules, and rates for these services are contained in 101 CMR 317.00: *Rates for Medicine Services*.
- (e) The allowable fee for payment for covered E/M services provided by a practitioner other than a psychiatrist is 85% of the fees described in 101 CMR 306.03(5)(e).
- (f) Rates for state-operated community mental health centers. A state-operated community mental health center will be paid at rates based on that center's reasonable cost of providing covered services to eligible MassHealth members.
1. The methodology set forth below governs rates for non-ESP services provided by a state-operated community mental health center between June 1, 2008, and June 30, 2009.
 - a. Initial Payments. Initial payments will be made at the rates in effect on the date of service.
 - b. Preliminary Reconciliation. There will be a preliminary reconciliation for each state-operated community mental health center based on the difference between the initial payments and payments based on rates calculated using the center's preliminary projected FY2009 reasonable costs. In order to determine the preliminary projected FY2009 reasonable costs, EOHHS will review costs reported in the FY2008 UFR by each state-operated community mental health center, and apply a cost adjustment factor based on the Massachusetts Consumer Price Index.
 - c. Final Reconciliation. There will be a final reconciliation for each state-operated community mental health center based on the difference between total payments pursuant to the preliminary reconciliation and payments based rates calculated using the center's reported reasonable costs for the rate period. In order to determine the reported reasonable costs, EOHHS will review costs reported in the FY2009 UFR by each state-operated community mental health center.
 2. Rates effective July 1, 2009. Payments for services provided effective July 1, 2009, will be determined as follows:
 - a. Initial Payments. Initial payments will be based on rates calculated by applying a cost adjustment factor to the reasonable costs reported by each center in its most recently submitted UFR.
 - b. Final Reconciliation. For each fiscal year beginning July 1, 2009, there will be a final reconciliation for each state-operated community mental health center based on the difference between the initial payments and payments based on rates calculated using the center's final reasonable costs for that fiscal year. In order to determine the final reasonable costs, EOHHS will review the costs reported in each center's UFR submitted for that fiscal year.
- (6) Coding Updates and Corrections. EOHHS may publish procedure code updates and corrections in the form of an administrative bulletin. The publication of such updates and corrections will list:
- (a) codes for which the code numbers only changed, with the corresponding cross-walk;
 - (b) codes for which the code remains the same but the description has changed; and

- (c) deleted codes for which there is no cross-walk. In addition, for entirely new codes which require new pricing, EOHHS will list these codes and apply Individual Consideration in reimbursing these new codes until rates are established.
- (7) Billing. Each clinic shall bill the governmental unit according to the appropriate fee schedule on a prescribed form. Each specific service must be separately enumerated on the bill.

306.04: Reporting Requirements and Sanctions

- (a) Reporting requirements are governed by 957 CMR 6.00: *Cost Reporting Requirements*.

The purchasing governmental unit will notify the provider in advance of its intention to impose a penalty under 101 CMR 306.04(2).
- (3) Mergers, Acquisitions, Other Transfers. A provider involved in a merger, buy out, acquisition, purchase, pooling of interest or other arrangement involving the transfer of business will be treated as a single provider for the purposes of 101 CMR 306.04.
