

Recission of Emergency Interim Administrative Order 22-1

Given the ongoing reduction in positive case counts across the state and based on consultation with court leaders, I hereby rescind [Trial Court Emergency Interim Order 22-1](#) concerning court operations, effective Monday, January 31, 2022.

Recission of the Order will permit courts to notify staff as appropriate and resume full staffing capacity. Operations within the seven court departments, including remote hearings, will be controlled by the departmental standing orders concerning court operations.
