**Summary of Decision**

Medical doctor who was convicted of a crime in the Commonwealth of Massachusetts is subject to discipline by the Board.

**RECOMMENDED DECISION**

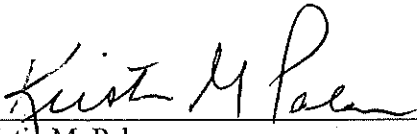

On December 4, 2020, the Board of Registration in Medicine (Board) issued a Statement of Allegations ordering Anilkumar Katta, M.D. to show cause why he should not be disciplined because he had been convicted of assault and battery on a family member.

On August 5, 2021, by mutual agreement of the parties, Complaint Counsel filed a Stipulation. The stipulation is signed by Dr. Katta, his attorney, and Complaint Counsel. It is attached as Exhibit 1.

Other than the Stipulation and the admissions of fact it contains, I have not taken evidence with respect to the facts of this matter. I adopt the facts as stipulated. The conclusions of law set forth in the Stipulation are warranted and thus I adopt them as well.

Based on the foregoing, I recommend that the Board impose such discipline on Dr. Katta as it deems appropriate in light of the facts and conclusions of law as stipulated by the parties. The parties have recommended a reprimand as a sanction.
