CASE SUMMARY

Physician who was sanctioned in another state for practicing medicine in violation of law, regulations, or good and acceptable medical practices he is subject to discipline by said the Board of Registration in Medicine per 243 CMR 1.03(5)(a)3.

RECOMMENDED DECISION

On February 8, 2018, the Petitioner, Board of Registration in Medicine (Board), issued a Statement of Allegations wherein it ordered the Respondent, Edward J. Williams, M.D., to show cause why he should not be disciplined because it had reason to believe that he engaged in acts that constituted violations of law, regulations, or good and accepted medical practice within the meaning of 243 CMR 1.03(5)(a) 2 & 3. .

On April 24, 2020, the matter was referred to the Division of Administrative Law Appeals (DALA). A pre-hearing conference held on June 25, 2020. Thereafter, the parties entered into negotiations and filed a Stipulation based upon the Statement of Allegations. The Stipulation is incorporated herein by reference and have been attached and labeled Attachment A. Other than the facts as stipulated in the Stipulation and the admissions contained therein, I have not taken evidence with respect to the facts of this matter. Based on the facts as stipulated, I conclude that the Conclusions of Law set forth in the Stipulation are warranted and I hereby adopt them.

Based on the foregoing I recommend that the Board impose such discipline on Dr. Williams as it deems appropriate in light of the facts and conclusions of law as stipulated by the parties.
