The Department of Mental Health (DMH) in collaboration with the Department of Public Health (DPH) Bureau of Substance Addiction Services operates a statewide Recovery from Addictions Program (RAP) for individuals civilly committed by the courts for substance use treatment for up to 90 days ("Section 35 commitment"). The program model will provide acute detoxification and early clinical stabilization services as we help clients develop community-based linkages to outpatient supports and substance use disorder treatment providers. The individuals treated within this program will be linked upon discharge to a range of services within the DPH continuum of care for substance use conditions. RAP provides administrative, medical, clinical, and non-clinical services. Its mission to provide quality client-centered care and recovery-oriented treatment.

DMH is an Equal Opportunity / Affirmative Action Employer. Females, minorities, veterans, and persons with disabilities are highly encouraged to apply. All candidates recommended for hire will be subject to a criminal background check (CORI).
