DECISION OF THE FULL COMMISSION

On March 13, 2013, Hearing Officer Betty Waxman issued a decision in favor of the Complainants in the above-referenced matter. Respondents were duly notified of the decision and their appeal rights. Respondents filed a Notice of Appeal to the Full Commission in a timely manner. However, the Commission's Rules of Procedure also require that an aggrieved party must also a Petition for Review within 30 days of receipt of the decision of the single commissioner or hearing officer setting forth the facts showing the appellant to be aggrieved, all matters alleged to have been erroneously decided, all other matters on which the appellant relies, and the relief sought. Respondents did not file a timely Petition for Review with the Full Commission. Accordingly, the decision of the Hearing Officer with respect to liability and damages is final.

Whereas Respondents have failed to perfect their appeal by filing a timely
Petition for Review, the appeal is dismissed.

SO ORDERED, this 26th day of July, 2013.
