**According to 302 CMR 14.04(6),
[Forester Licensing Regulations provided separately in this package]**

- (a) Not less than 30 days before the expiration of his or her license, a Licensed Forester shall submit a renewal application accompanied by the required fee to the Director of State Parks and Recreation.
- (b) If within sixty (60) days subsequent of the date of license expiration any Licensed Forester fails to renew his or her license, he or she shall not engage in the practice of forestry until a new license is issued. Each Licensed Forester seeking the renewal of his or her license shall comply with the Director's policy on continuing education for Licensed Foresters.
- (c) Any Licensed Forester who fails to renew his or her license or fails to meet the continuing education requirements of the Director of State Parks and Recreation's policy shall be ineligible for application for a new license for a period of twelve (12) months from the date of license expiration as depicted on the license. For any Licensed Forester who is called to, or serves on active duty with any branch of the armed forces for a period greater than 90 consecutive days during a license year, the CFE requirement for that year will be waived upon written request. Upon written request by any Licensed Forester, for good cause shown and documented, other service such as Peace Corps, extended jury duty, incapacitation due to illness or injury, the Director may waive the CFE requirement for that year.

DCR Forester Licensing Policy #2, which sets forth Continuing Forestry Education (CFE) requirements, is attached.

Policy #2 states that: **"Each Licensed Forester shall complete an average of at least 20 Continuing Forestry Education (CFE) credits per year to maintain his or her license. The average shall be calculated for the 3-year period coinciding with the terms of the license."** The FLB has interpreted that language to mean the following:

For those of you who have not completed 20 credits in the last year (1 year time period starting with the date of your "Last License Issue Date"), you will be allowed to go back as far as three years prior to your renewal date in your CFE submission in order to meet the 20 credit / yr. average. CFE's previously submitted may be resubmitted now in the three-year average calculation.

For those of you who have completed 20 credits within the last year (1 year time period starting with the date of your "Last License Issue Date") you need to only submit those 20 credits.

All applications must have supporting documentation for CFE credits (i.e. course certificates, copies of articles written, certificates of membership on town boards, etc.)

**Please use the enclosed forms to apply for license renewal.
Submit with the \$50.00 renewal fee as soon as possible to:**
