

Reported Trauma Incident Count by Incident Cities/Towns in Massachusetts Federal Fiscal Year 2014 and 2015

Data Overview

Trauma incident counts account for trauma records submitted to the State Trauma Registry from either trauma centers or non-trauma centers; they account for each separate trauma record from hospitals and not patient sequential records per incident.

These records submitted have not been validated or audited at the incident state and incident town level.

Any incident count less than 5 is suppressed (denoted by *) in accordance with Department of Public Health Confidentiality Procedure.
