Drainage	Marine Construction	Traffic Signals
Drawbridge Maintenance	Mowing and Spraying	Tree Trimming -Maintenance and Removal
Dredging	Painting–Structural	Waterways
Drilling & Boring	Pavement Markings	
Electrical –All Types– Including Electrical Maintenance	Pavement–Milling and Cold Planing	

Request for Additional Class of Work

INSTRUCTIONS FOR COMPLETING A PROJECT PAGE

- For each class of work requested, submit only three projects completed by the Applicant.
 - Submit projects with the highest dollar value for the class of work requested.
 - Each project must have been completed within the past 10 years and the requested class of work self-performed.

- Submit one project page for each project.

- Complete each project page, as follows:

The project page allows for selecting a total of six requested classes of work the Applicant self-performed on the project.

Class of Work: Select the requested class of work with the highest dollar value for the project and enter its dollar value.

Other Classes of Work Self-Performed: Select the other classes of work the Applicant self-performed on the project and is requesting and enter each class of work's dollar value.

NOTE: If selecting more than five other classes of work, list them in the Scope of Work.

NOTE: The dollar value for the class of work is the value of the work specific to the work that meets the definition of the class of work. Refer to the [Definitions of Prequalification Classes of Work](#).

NOTE: If requesting more than one class of work, it is possible that a class of work listed in this section has the highest dollar value for that class of work. In this case the project page will count as one of the three project pages for that class of work; only two more projects for this class of work are needed.

Owner's Rep: Indicate the name and deliverable email address of the owner's representative.

NOTE: The Owner's Rep. must have worked directly for the Owner (i.e., an employee or consultant). The general contractor is not the Owner's Rep.

NOTE: Verify the Owner's Rep.'s name and email address are correct. Outdated and/or incorrect Owner's Rep. information may delay processing this request.

Final Completion Date: The project must have been completed within the past 10 years, including punch list items.

Scope of Work: On the project page in the Scope of Work, provide a brief, detailed description of work for the class of work selected in the section Requested Class of Work Self-Performed, all classes of work selected in the section Other Requested Classes of Work Self-Performed and all classes of work listed in the Scope of Work (if any). The description of each class of work must meet the definition for that class of work. Refer to the Definitions of Prequalification Classes of Work.

Request for Additional Class of Work

Copy this page as needed.

- ✓ Submit only three projects for each class of work requested.
- ✓ Submit one project page for each project.
- ✓ Projects must have been completed within the past 10 years and the class of work self-performed.
- ✓ Verify the Owner's Rep.'s name and email address are accurate. The Owner's Rep. is not the general contractor.
- ✓ **Select only the classes of work requested on page 1 and that were self-performed on the project.**
- ✓ **The total dollar value for all classes of work selected cannot exceed the final contract amount.**
