DCR has rescheduled the Neponset to Blue Hills Feasibility Study Public Listening Session to Monday, November 14th due to a scheduling conflict.

At this virtual public meeting, the DCR team for the Neponset to Blue Hills Feasibility Study project will provide an overview of the proposed project area and lead a discussion of the feasibility study. The purpose of this meeting is to continue gathering input from the community after the initial public listening session hosted in September, and to present preliminary conclusions about preferred options for multimodal connections in this area.

The public will be invited to ask questions and provide feedback on the presentation, using the Q&A functionality that will be available through the virtual participation platform. After the meeting, the presentation will be available for viewing at <https://www.mass.gov/dcr/past-public-meetings>. DCR encourages the public to share additional feedback, with a deadline for receipt of comments by DCR of November 29th, 2022. Comments may be submitted online at <http://www.mass.gov/dcr/public-comment>. Please note that the content of comments you submit to DCR, along with your name, town, and zip code, will be posted on DCR's website. Additional contact information required when commenting, notably email address, will only be used for outreach on future updates on the subject project or property.

If you have agency-related questions or concerns or would like to be added to an email list to receive DCR general or project-specific announcements, please email Mass.Parks@mass.gov or call 617-626-4973.

Reasonable accommodations for people with disabilities are available upon request. Include a description of the accommodation you will need, please include as much detail as you can. Also include a way we can contact you if we need more information. Please allow at least two-weeks advance notice. Last minute requests will be accepted, but we may be unable to fulfill the request. Please send an e-mail to Melixza G. Esenyie, ADA and Diversity Manager at the Executive Office of Energy and Environmental Affairs at Melixza.Esenyie2@mass.gov or call 617-872-3270.
