FACTS

1. On Wednesday, March 27, 2013, at approximately 6:20 p.m., Investigators Teehan, Doyle, and Keefe investigated the business operation of Patriot Civic Club Inc. dba Patriot Civic Club Inc. to determine the manner in which their business was being conducted.
2. Upon entering the licensed premises, investigators observed three electronic devices in the bar area. The machines were identified as Fruit Bonus, High Low Double Up Joker Poker, and Cherry Master 96.
3. Investigators identified themselves to the bartender on duty and informed him that they would inspect the bar area.
4. Investigators observed gift cards, in plain view, located to the right of the cash register. The gift cards were \$100 Marriott, \$100 Spa Finder, \$75 Bass Pro, and \$50 Shell.
5. While investigators conducted their inspection, the manager of record, Ermani Storlazzi, arrived on the premises and identified himself to investigators.

points by writing the number of points on a piece of white paper which was kept next to the cash register.

8. Mr. Storlazzi stated that he believed the machines were owned by Constitution Vending. Every Monday someone from Constitution Vending would come and empty the machines. Constitution Vending and the Patriot Civic Club split the money fifty-fifty.
9. Investigators made the following observations which, based on their training and experience, indicated that these electronic devices were being utilized as gambling devices:
 - Each device had markings that indicated "for amusement only".
 - All the devices accepted dollar bills in US Currency ranging from \$1, \$5, \$10, and \$20. Additionally, the Cherry Master device accepted bills in US Currency of \$50 and \$100.
10. Investigators observed that the Cherry Master device also had a double-up button along with a screen that displayed the odds indicators. There was also a collect button on the left (the knock-off switch) which would print out a receipt.
11. Investigators observed the High Low Double Up Joker Poker device had a collect button on the left (the knock-off switch) which would print out a receipt. There were also odds indicators to the right and left of the screen.
12. Investigators observed the Fruit Bonus device had a collect button on the left (the knock-off switch) which would print out a receipt. There were also odds indicators to the right and left of the screen.
13. Investigators informed Mr. Storlazzi of the violation and that a report would be filed with the Chief Investigator.

CONCLUSION

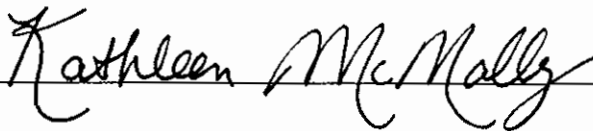

Based on the evidence, the Commission finds the licensee violated 204 CMR 2.05(1) – Permitting Gambling. Therefore, the Commission **suspends the license for three (3) days, of which three (3) days will be held in abeyance for a period of two (2) years provided no further violations of Chapter 138 or Commission Regulations occur.
