The Executive Office of Housing and Livable Communities (EOHLC), which was formerly the Department of Housing and Community Development, was established in 2023 to create more homes and lower housing costs for Massachusetts residents. EOHLC also distributes funding to municipalities, oversees the state-aided public housing portfolio, and operates the state's Emergency Family Shelter (EA) program. EOHLC offers programs to help prevent homelessness and to help people afford housing. It also offers housing programs and financial assistance for municipalities, local housing authorities, non-profit organizations, and developers.

- 3.2. State Plan Goals:** Describe the state's CSBG-specific goals for state administration of CSBG under this State Plan. **[Narrative, 3000 characters]**

GUIDANCE: States should consider feedback from OCS, their eligible entities, and the ACSI survey completed by eligible entities when creating their State Plan goals.

Instructional Note: For examples of "goals," see State Accountability Measure 1Sa(i).

Note: This information is associated with State Accountability Measure 1Sa(i) and pre-populates the state's Annual Report, Module 1, Item B.1.

As the state agency assigned to oversee Massachusetts' 23 federally designated anti-poverty agencies (Community Action Agencies), EOHLC is committed to partnering with the network and State Association (MASSCAP) to address and end poverty in the Commonwealth. Accordingly, our goals for State administration under this Plan are to:

1. Provide approximately \$450,000 each year in CSBG Discretionary Funds to MASSCAP as our designated TTA provider for activities that strengthen, connect, and support the network's anti-poverty work including priorities described below, which were developed jointly with MASSCAP and identified through the federal Office of Community Services TTA needs survey:
 - Meeting CSBG requirements, including managing tripartite boards, conducting the next federally required community needs assessment/strategic plan, and preparing for Organizational Standards/Triennial Monitoring.
 - Data analysis and using data in storytelling, including funding MASSCAP to continue network use of the MySidewalk data tool for the next federally required community needs assessment.
 - Aid individual agencies facing organizational, management, and fiscal challenges with targeted technical assistance.

- Facilitate ongoing Communities of Practice and roundtables with Community Action staff in key focus areas (e.g., Planning/ROMA, Fiscal, HR, IT, VITA, etc.)
 - Raise awareness about poverty and position Community Action as a leader in economic opportunity and anti-poverty work in the Commonwealth.
 - Offer training/professional development opportunities through the MASSCAP Training Center (MTC) responsive to network needs and current realities.
2. Collaborate with the network, MASSCAP and our software vendor to incorporate significant changes to E.Gov (EOHLC's web-based reporting system) to meet requirements of the revised federal CSBG Annual Report.
 3. Meet regularly with MASSCAP to discuss matters impacting the network and improve lines of communication including monthly with the Communities of Practice, bi-monthly with the Executive Committee, bi-annually with the Executive Directors.
 4. Attend CSBG-related training and conferences to stay informed on recent developments impacting our network. Training and conferences to include, at minimum, those coordinated by the Regional Performance and Innovation Consortium, New England Community Action Partnership, National Community Action Partnership, CAPLAW, as well as NASCSP's Training Conferences.

3.4a. State Plan Development: Describe the specific steps the state took in developing the State Plan to involve the eligible entities. [Narrative, 3000 Characters]

Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the state's annual report form.

Prior to posting the draft plan, EOHLC solicited and considered informal input from the CAA network through multiple means, including through ListServ notifications to the entire network and meetings with the state association (MASSCAP) and its Executive Committee members. EOHLC also analyzes and considers a variety of CAA performance management data while developing the draft State Plan including: the CSBG Annual Report, responses to the ACSI Survey, and the network's Community Assessment Report & Strategic Plan and Community Action Plan documents. In addition, EOHLC seeks to align the State Plan to the priority needs and strategies developed jointly with MASSCAP. Finally, the draft State Plan is posted on EOHLC's website, along with written notification of the public comment period. Testimony received during the public comment period is considered before the plan is finalized and submitted to HHS for approval.

3.4b. Performance Management Adjustment: Describe how the state has adjusted its State Plan development procedures under this State Plan, as compared to previous State Plans, in order to 1) encourage eligible entity participation and 2) ensure the State Plan reflects input from eligible entities? Any adjustment should be based on the state's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail. [Narrative, 3000 Characters]

Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.

Based on results of the most recent ACSI survey and other feedback, EOHLC continued efforts the network responded to favorably including 1.) Releasing a ListServ memo on January 19, 2024, outlining EOHLC's overall State Plan development process, anticipated timelines, and opportunities for network feedback. 2.) Inviting informal feedback directly to EOHLC or through MASSCAP, prior to drafting the Plan. 3.) Attending MASSCAP meetings biannually to allow all Executive Directors an additional opportunity to share feedback directly with EOHLC and taking feedback through MASSCAP's monthly Communities of Practice meetings.

GUIDANCE: Descriptions should also include improvements to the process made since the previous year including any new processes to increase efficiency or consistency of assessments.

EOHLC assesses and measures performance of 58 organizational standards for eligible entities annually based on the Center of Excellence (COE) CSBG Organizational Standards State Assessment Tool for Private CSBG Eligible Entities. Eligible entities are assessed against the standards either as part of their triennial on-site review, which occurs once every three-year period in accordance with a planned calendar, or as part of an annual Organizational Standard assessment desk review. Agencies deemed at-risk, whether it's after a triennial on-site review or annual Organizational Standard assessment desk review, receive more frequent in-depth monitoring to ensure agency health is improving. EOHLC utilizes the Electronic Government (E.-Gov.) database for assessing agency performance. All eligible entities, whether they receive triennial monitoring or annual Organizational Standards monitoring, submit a self-assessment, supporting documentation and Performance Improvement Deliverables to EOHLC through E.-Gov. EOHLC analyzes the submitted documentation and validates eligible entity self-assessment responses. Validation findings are communicated to the agency and a written report is issued. For both annual desk level assessment reviews of Organizational Standards and full onsite triennial reviews, EOHLC may collaborate efforts with a 3rd Party Vendor to assess the overall health of an eligible entity. Upon completion of the assessment process, eligible entities with Performance Improvement Deliverables provide EOHLC updates on progress towards meeting those items.

Distribution Process:** Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take. Please include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

[Narrative, 4000 characters]

Process Overview:

EOHLC shall award at least 90% of the CSBG funds allocated to the Commonwealth of Massachusetts to the 23 private, non-profit eligible entities based on a historical funding formula. After executing the standard contract for each eligible entity, EOHLC advances installments covering no less than a 1-month period, and not more than a 3-month period of the contracted amount to the eligible entity based on availability of funds from the HHS. EOHLC reconciles the eligible entity expenditures with the advance payments on quarterly basis.

In the event the federal CSBG appropriation for FY 2025 is less than the amount received by the Commonwealth for FY 2024, EOHLC shall allocate funding to eligible entities based on the distribution formula used for FY 2024, or in any other manner consistent with the requirements of the CSBG Act. The annual funding and contracting cycle will correspond directly to the timely availability of funds from HHS.

Carryover Funds:

Community Services Block Grant funds distributed as grants to eligible entities that are not expended may be carried over into the next fiscal year by the entity for program expenditures. Each year, EOHLC tracks CSBG carry-over funds through three mechanisms:

1. During the CSBG Annual Application process, carry-over funds from the previous fiscal year(s) are identified in the CSBG budget.
2. Carry-over funds are then reprogrammed into the CSBG budget and reported accordingly by eligible entities.
3. Carry-over funds are also tracked by the agencies' final fiscal reports.

Any amount of carry-over (projected and/or actual) must be included in the annual eligible entity CSBG Community Action Plan and Budget as well as CSBG Quarterly Reports. Actual expenditures, including carry-over, must be posted in accounting records according to that year's approved Community Action Plan and Budget.

During routine monitoring (desk and on-site reviews), EOHLC will make recommendations to each eligible entity regarding the percentage of CSBG carry-over funds shown on the agency's books and express concern where expenditures in a given fiscal year do not reflect the Community Action Plan and Budget for the federal fiscal year in which funds were awarded. Additionally, while a reasonable amount of carry-over may be necessary in some cases (e.g. - when final approval of the Federal budget is held up), EOHLC emphasizes that timely expenditure of funds impacts funding decisions at the federal level. Finally, pursuant to EOHLC's Standard Contract with all eligible entities, if EOHLC observes an eligible entity has a high percentage of funds carried over from one fiscal year beyond the succeeding fiscal year, EOHLC may move to recapture and redistribute unobligated funds in excess of 20% of the current year's CSBG allocations, according to the procedures outlined in Section 675C (a)(3) of the Act.

Note: This information is associated with State Accountability Measure 2Sb and may pre-populate the state's annual report form.

Based on the results of the most recent ACSI survey and other feedback, EOHLC will continue efforts the network responded to favorably in prior fiscal years to improve grant and contract administration procedures including maintaining a quarterly payment schedule and notifying the network via ListServ when contracts, amendments, and payment vouchers are available within E.Gov.

7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds as described in Section 675C(b) of the CSBG Act? **X Yes** ☐ No

GUIDANCE: “No” should only be selected if the percentages provided under 7.2. and 7.6. equal 100%.

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below. **Year One** 5% **Year Two** 5%

Note: This response will link to the corresponding assurance, Item 14.2.

INSTRUCTIONAL NOTE: The assurance under 676(b)(2) of the Act (Item 14.2 of this State Plan) specifically requires a description of how the state intends to use remainder/discretionary funds to “support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act].” Include this description in Item 7.9f of the table below and/or attach the information.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. – 7.9c. If allocation is not possible, the state may allocate the funds to the primary category with which the activity is associated.

- 8.1b.** Training and Technical Assistance Collaboration: Describe how the state will collaborate with the State Association and other stakeholders in the planning and delivery of training and technical assistance. [Narrative, 2500 characters]

EOHLC will collaborate with MASSCAP, the 3rd party Validator who assists with monitoring assessments, the contracted vendor for our E.Gov reporting system, and other stakeholders in the planning and delivery of training and technical assistance (T/TA). Input on needs will be gathered through a variety of means including regular program monitoring by EOHLC, comments collected during the State Plan development process, results of the most recent ACSI survey, analysis of evaluations completed by MASSCAP Training Center (MTC) training participants, and needs assessments conducted by MASSCAP as part of their Strategic Planning process. Collaboration to plan for and deliver T/TA to meet priority needs will occur through discussions with MTC staff, meetings with the MASSCAP Executive Committee and Board of Directors, and by meetings with the MASSCAP Communities of Practice.

- 8.2. Organizational Standards Technical Assistance:** Does the state have Technical Assistance Plans (TAPs) in place for all eligible entities with unmet organizational standards, if appropriate? ☒ Yes ☐ No

Note: 8.2 is associated with State Accountability Measure 6Sb. The state should put a TAP in place to support eligible entities with one or more unmet organizational standards.

- 8.2a. Address Unmet Organizational Standards:** Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. [Narrative, 2500 characters]

For eligible entities with unmet Organizational Standards, EOHLC provides ongoing follow-up on agency Performance Improvement Deliverables. EOHLC's policies and procedures for addressing issues related to CSBG monitoring, including unmet Organizational Standards, are further summarized in a Performance Improvement and Risk Management Matrix tool developed in collaboration with the MASSCAP Executive Committee. If an eligible entity fails to resolve a Performance Improvement Deliverable within the deadline negotiated with EOHLC, it can prompt our office to escalate the level of intervention taken as outlined in the matrix tool, which may include but is not limited to a Technical Assistance Plan. T/TA is also provided through MASSCAP and the MASSCAP Training Center to assist agencies in addressing unmet standards.

- 8.3. Training and Technical Assistance Organizations:** Indicate the types of organizations through which the state intends to provide training and/or technical assistance as described in Item 8.1, and briefly describe their involvement. 12.2. Income Eligibility for General/Short Term Services: Describe how the state ensures eligible entities generally verify income eligibility for those services with limited intake procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance. [Narrative, 4000 characters]

State regulation 760 CMR: Section 29.07 (5) requires each eligible entity to maintain written policies and procedures sufficient to determine income eligibility for services, including written policies for generally verifying income eligibility for services with limited intake procedures. The State reviews each eligible entity's policies and procedures during the triennial monitoring process. In cases where CSBG is used to fund services where income verification is not practical or possible, we confirm the eligible entity's policy provides a reasonable basis that those receiving the services are likely to meet CSBG income eligibility requirements (e.g. - service targeted to a census tract where majority have incomes below poverty, etc.)

12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for those services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations). [Narrative, 4000 characters]

The State draws upon information provided by eligible entities in their Community Assessment Report and Strategic Plan (CARSP) as well as their annual Community Action Plan (CAP) to ensure services that provide a community-wide benefit are targeted to low-income communities. The CARSP and subsequent CAP provide a logical description of an entity's reason for providing a given service in each community, supported by data from a community assessment.

The requirement to "implement the Results Oriented Management Accountability (ROMA) approach to program management" is included in our annual CSBG contract. To support implementation of the ROMA approach, the State provides eligible entities with a detailed planning guide for completing a community assessment report and strategic plan. The planning guide gives an overview of the ROMA approach in the context of a community assessment and strategic plan and highlights Organizational Standards wedded to ROMA. Written guidance, including information on National Performance Indicators and demographic data, is also provided to support eligible entities in completing their annual Community Action Plans and CSBG Annual Report.

- 13.1b. Alternative System Description:** If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement. **[Narrative, 4000 characters]**

Note: The activities described under Item 13.3 may include activities listed in “Section 8: Training and Technical Assistance.” If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, Item 14.12.

The State supports eligible entities in using the ROMA system through multiple means. First, the State provides written guidance and subsequent feedback on key ROMA system documents including community assessment reports, strategic plans, and Community Action Plans, and CSBG Annual Reports. The State also coordinates periodic training to supplement written guidance and participates on monthly MASSCAP Planners Community of Practice meetings. Additionally, to help ensure eligible entity staff and Boards are knowledgeable in ROMA, EOHLC allocates discretionary funds to MASSCAP to coordinate training efforts, including support for ROMA certified professionals across the network.
