

CHANGE LOG

PROJECT DEVELOPMENT AND DESIGN GUIDE

CHAPTER NO./TITLE 12. Intermodal Facilities and Rest Areas

EFFECTIVE DATE October 4, 2023

SECTION	CHANGE
General	Updated agency name to MassDOT throughout.
General	Various minor grammatical changes and nomenclature changes for consistency and readability.
General	Added hyperlinks to external resources.
Introduction	Updated the definitions of park and ride facilities and transit centers to emphasize their multimodal utility.
12.2 Park and Ride Facilities	Added TSMO and maintenance concerns to list of success factors for park and ride facilities. Removed "Random Police Patrols" from Lighting & Security design consideration, as this is not a specific design element. Updated Solid Waste Management design considerations.
12.3 Transit Centers	Added ADA-compliant curb ramps as a specific requirement for pedestrian routes.
12.4 Rest Areas	Removed attractiveness of a location from the list of site criteria. Added ADA compliance as a specific requirement for buildings at rest areas. Removed Exhibit 12-1. Repalced the method for calculating the number of picnic tables and trash receptacles with a "a minimum of one" and a "minimum of two," respectively.
