RE: Notice of Facility Closing

Dear Mr. Antoine Jones,

We are writing to provide you with an amended notice regarding the permanent closure of Revvity, Inc.'s facility located at 360 Merrimack Street, Lawrence, MA 01843. This letter serves as an amendment to the original notice you received from us dated October 8, 2025.

First, the original notice stated that approximately fifty-one (51) employees would be affected. We have since determined that the correct number of potentially affected employees is fifty-two (52). This revision accounts for an additional position that was not included in the original list. This employee will receive an individual WARN notice from the company providing at least sixty (60) days' notice prior to their separation date.

Second, we have updated the schedule of job titles provided in the list below. We have updated these titles to reflect the Company's official internal Human Resources job profiles. Please note that this is a change in nomenclature only; there is no substantive change to the actual job duties or functions associated with these positions. This ensures that the job classifications listed herein correspond with the Company's personnel records for administrative consistency.

As stated previously, all on-site positions at the Lawrence, MA facility will be eliminated according to the timeline provided below. The affected employees are not represented by a collective bargaining agreement, and bumping rights are not available. The complete and updated list of all fifty-two (52) job titles and affected employees is provided below:
