Look Before You Left PSA

- Since 1987, the RMV has sponsored the Massachusetts Rider Education Program (MREP) to offer motorcyclists access to training courses across the Commonwealth. MREP's mission is to:
 - Reduce the number of motorcycle related crashes by increasing the number of approved rider training courses for motorcycle riders
 - Increase awareness and education for both riders and other drivers.
- In 2025, 6,489 new class M licenses were issued and 4,871 (77%) completed the training course.

Single Sign-On – Coming Soon!

- Starting May 18, 2026, customers will be prompted to create a MyMassGov account to conduct RMV online transactions on myRMV such as renewing a driver's license.
- This replaces the current myRMV login method.
- Instead of different usernames and passwords for each state agency service, customers can access many Massachusetts state services with a single login.
- It's easier to manage and secure.
