

# Robinson State Park

## Welcome to DCR's Robinson State Park

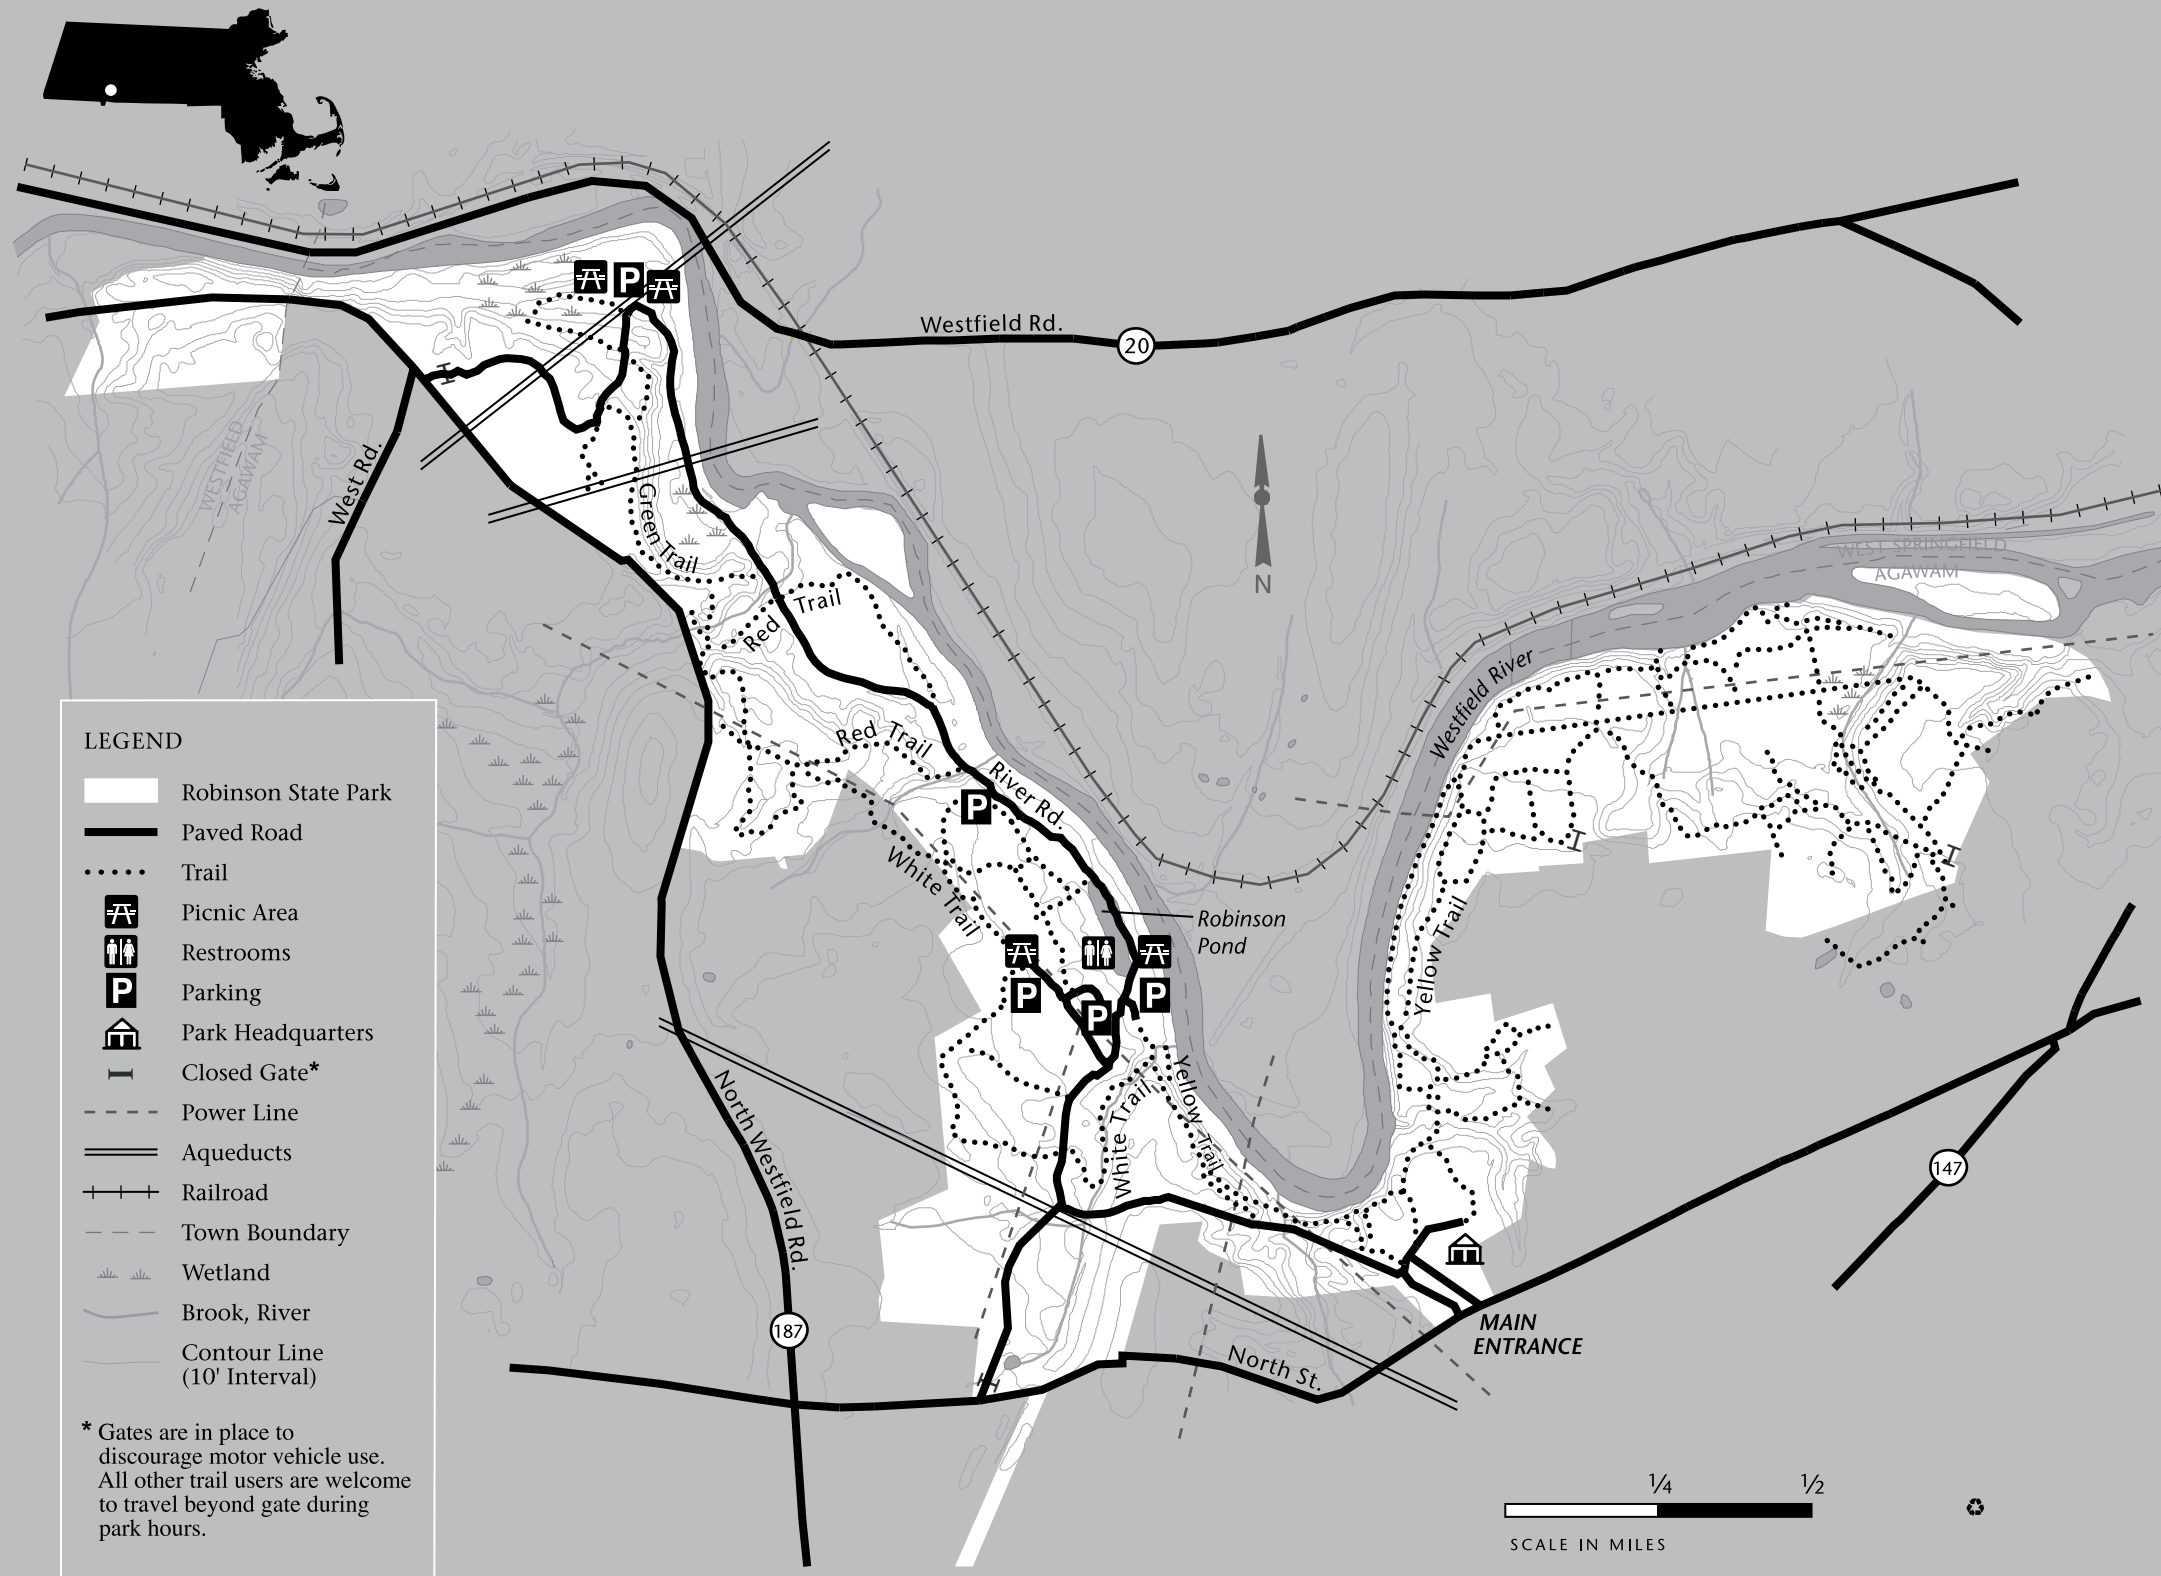

Well known for its fresh water swimming, Robinson boasts over 800 acres of parkland. In addition to swimming, the park is primarily used for hiking, walking, and mountain biking.

Robinson is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 450,000 acres of parks, forests, beaches, bike trails, watersheds, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit [www.mass.gov/dcr](http://www.mass.gov/dcr).
