Boston, MA 02114

Dear Madams/Sirs:

I attended the recent hearing held at UMass Amherst last month and wanted to forward this communication for the record.

I am a homeowner who owns a rooftop solar array. I wholly concur with the comments submitted by the Massachusetts Solar homeowner's Association that are attached to this email.

I appreciate you not instituting changes to the program that homeowners, like myself, relied on when we expended significant financial resources to install our solar array.

Thank you.

Sincerely,

Stephen M. Linsky
