John Wassam,

Dear Commissioner Woodcock,

I am writing to comment on the proposed amendments to Massachusetts' Renewable Portfolio Standard (RPS) program pertaining to burning woody biomass.

I urge you to leave the existing biomass eligibility criteria in the RPS intact, while adding the proposed provision to protect environmental justice communities.

We have worked so hard to get here to a place where climate justice and future protections are in place. Let's make sure the RPS keeps the same restrictions.

Thank you!
