SECTION 2.4 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (a) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description; (b) be construed as a waiver of any codes or ordinance/regulations of general applicability and not specific to the Cable Television System, Licensee, or this License; or (c) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. Any conflict between the terms of this Renewal License and any present or future exercise of the municipality's police and regulatory powers shall be resolved by a court of appropriate jurisdiction.

Along with said written request, the Licensee shall provide the Issuing Authority with written reasons for its belief. The Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested. At the public hearing, the Issuing Authority shall afford the Licensee an opportunity to demonstrate that such relief causes said other cable license to be favorable or less burdensome than this Renewal License. less burdensome than the Renewal License, the Issuing Authority shall consider and negotiate, in good faith, equitable amendments to this Renewal License.

If such removal is not complete within six (6) months of such termination, the Issuing Authority may deem any property not

removed as having been abandoned. Upon written request of the Licensee, the Issuing Authority may waive this requirement for good cause shown.

SECTION 2.8 – TRANSFER OF THE RENEWAL LICENSE

An “affiliated company” is any Person or entity who owns or controls, is owned or controlled by, or is under common ownership or control with, such Person or entity.

(b) Pursuant to applicable state and federal law, as may be amended, in considering a request to transfer control of the Renewal License, the Issuing Authority shall consider the transferee's financial capability, management experience, technical expertise and legal ability to operate a Cable System under the existing license and may consider any other criteria allowable under applicable law or regulation.

(c) The consent or approval of the Issuing Authority to any assignment or transfer of the Renewal License granted to the Licensee shall not constitute a waiver or release of the rights of the

City in and to the streets and Public Ways or any other rights of the City under the Renewal License, and any such transfer shall, by its terms, be expressly subordinate to the terms and conditions of the Renewal License.

(d) The Licensee shall submit to the Issuing Authority an original and one (1) copy, unless otherwise required by applicable law, of the application and FCC Form 394 requesting such transfer or assignment consent.

(e) The consent of the Issuing Authority shall be given only after a public hearing to consider the written application for transfer. Unless otherwise allowed by applicable law(s), the Issuing Authority shall make a decision on said written application within one hundred and twenty (120) days of receipt of said application. After 120 days, the application shall be deemed approved, unless said 120 day period is extended in writing by mutual agreement of the parties pursuant to applicable law.

(f) Any proposed controlling or owning Person or transferee approved by the Issuing Authority shall be subject to all of the terms and conditions contained in the Renewal License.

SECTION 2.9 – EFFECT OF UNAUTHORIZED TRANSFER ACTION

(b) If the Issuing Authority denies its consent to any such action and a transfer has nevertheless been effected, the Issuing Authority may revoke and terminate this Renewal License, unless such transfer is otherwise allowable by applicable law.

(c) The grant or waiver of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the grant of any such consent constitute a waiver of any other rights of the City.

INSURANCE AND BONDS

SECTION 10.1 – INSURANCE

At all times during the term of the Renewal License, including the time for removal of facilities provided for herein, the Licensee shall obtain, pay all premiums for, and file with the Issuing Authority, as obtained and renewed, copies of the certificates of insurance for the following policies:

(a) A commercial general liability insurance policy, written on an occurrence basis, on all claims on account of injury to or death of a person or persons occasioned by the construction, installation, maintenance, operation or removal of the Cable System or alleged to have been so occasioned, with a minimum liability of One Million Dollars (\$1,000,000.00). The policy shall provide blanket contractual liability insurance for all written contracts, and shall include coverage for personal injury, broad form property damage, products and completed operations liability, independent contractor's liability, coverage for property damage from perils of explosion, collapse or damage to underground utilities, commonly known as XCU coverage.

(b) A property damage insurance policy, written on an occurrence basis, naming the City, its officers, boards, commissions, committees, agent and employees as additional insureds and save them harmless from any and all claims of property damage, real or personal, occasioned or alleged to have been so occasioned by the construction, installation, maintenance or operation of the Cable Television System, with a minimum liability of One Million Dollars (\$1,000,000.00).

(c) Automobile liability insurance for owned automobiles and trucks, non-owned automobiles and trucks and/or rented automobiles and trucks in the amount of:

(i) One Million Dollars (\$1,000,000.00) for bodily injury and consequent death per occurrence;

(ii) Five Hundred Thousand Dollars (\$500,000.00) for property damage per occurrence.

(d) Workers Compensation in the minimum amount of the statutory limit.

(e) The Licensee shall carry excess liability, written on an occurrence basis, in the minimum amount of Five Million Dollars (\$5,000,000.00) umbrella form over all other insurance required by this Section 10.1.

(f) The following conditions shall apply to the insurance policies required herein:

(i) Such insurance shall commence no later than the Effective Date of the Renewal License.

(ii) Such insurance shall be primary with respect to any insurance maintained by the City and shall not call on the City's insurance for contributions.

(iii) Such insurance shall be obtained from brokers or carriers authorized to transact insurance business in the State.

(iv) The coverage amounts set forth above may be met by a combination of underlying and umbrella policies so long as in combination the limits equal or exceed those required herein.

(v) The Licensee's failure to obtain, to procure or maintain the required insurance shall constitute a material breach of the Renewal License under which the City may immediately suspend operations under the Renewal License.

(vi) The Licensee shall be responsible for all deductibles.

(vii) The City, its Issuing Authority, other officials, and employees shall be named as "additional insureds" on all liability insurance policies.

(vii) Neither this Section 10.1, nor the provision of insurance or insurance proceeds pursuant to this Section 10.1, shall limit the liability of the Licensee pursuant to this Renewal License.

(ix) The Licensee shall provide the Issuing Authority with certificate(s) of insurance for all policies required herein upon expiration of the policies. All certificates shall

contain, at a minimum, a thirty (30) day notice of cancellation or reduction in the coverage amount(s).

SECTION 10.2 – PERFORMANCE BOND

(a) The Licensee shall maintain, without charge to the City, throughout the term of the Renewal License, a faithful performance bond running to the Town and in a form satisfactory to the Issuing Authority (however, the Issuing Authority shall not unreasonably deem a bond's form to be unsatisfactory), with good and sufficient surety licensed to do business in the Commonwealth of Massachusetts in the sum of Seventy-Five Thousand Dollars (\$75,000). Said bond shall be upon the terms and conditions specified in M.G.L. 166A § 5(K) and the faithful performance and discharge of all obligations imposed by the Renewal License, subject to the provisions of 11.1 and 11.2 below.

(b) The performance bond shall be effective throughout the term of this Renewal License, including the time for removal of all of the facilities provided for herein, and shall be conditioned that in the event that the Licensee shall fail to comply with any one or more provisions of this Renewal License, the City shall recover from the surety of such bond all damages suffered by the City as a result thereof, pursuant to the provisions of Sections 12.1 infra.

(c) Said bond shall be a continuing obligation of the Renewal License, and thereafter until the Licensee has satisfied all of its obligations to the Town pursuant to the terms and conditions of such bond. In the event that the Town recovers from said surety, the Licensee shall take immediate steps to reinstate the performance bond to the sum of Seventy-Five Thousand Dollars (\$75,000) required herein. Neither this section, nor any bond accepted pursuant thereto, nor any damages recovered there under shall limit the liability of the Licensee under the Renewal License.

(d) The performance bond required herein shall contain an explicit endorsement stating that such performance bond is intended to cover the liability assumed by the Licensee under the terms of the Renewal License and shall contain the following endorsement:

It is hereby understood and agreed that this performance bond shall not be cancelled, materially changed or the amount of coverage thereof reduced until thirty (30) days after receipt by the Issuing Authority by certified mail of one (1) copy of a written notice of such intent to cancel, materially change or reduce the coverage required herein.

SECTION 10.3 – INDEMNIFICATION

The Licensee shall, at its sole cost and expense, indemnify, hold harmless and defend the Town, its officials, boards, commissions, committees, agents and/or employees against all claims for damage due to the actions of the Licensee, its employees, officers, contractors and subcontractors, or agents arising out of the construction, installation, maintenance, operation, and/or removal of the Cable Television System under this Renewal License, including without limitation, property damage or personal injury (including accidental death) that arise out of Licensee's construction, operation, maintenance or removal of the Cable System. Indemnified expenses shall include reasonable attorneys' fees and costs incurred from the time the Licensee receives written notice of its obligation to indemnify and defend the City for a specific claim up to such time that the Licensee assumes defense of any action hereunder. The Issuing Authority shall give the Licensee timely written notice of its obligation to indemnify and defend the Town after receipt of a claim for which indemnification is sought. The Licensee is not required to indemnify the City for attorney fees and costs incurred prior to the above referenced written notice being provided to the Licensee. In the event of a legal action, the Issuing Authority or its designee shall promptly forward a copy of the legal complaint served upon the City.

ARTICLE 11

The Issuing Authority and/or its designee(s) shall be responsible for the day to day regulation of the Cable System. The Issuing Authority and/or its designee(s) shall monitor and enforce the Licensee's compliance with the terms and conditions of this Renewal License.

SECTION 11.2 – PERFORMANCE EVALUATION HEARINGS

The Licensee, if requested in writing by the Issuing Authority, shall attend a performance evaluation hearing no more than once per year. Nothing in this Section 11.2 shall limit any rights that the Issuing Authority may have to conduct additional hearings and/or the Licensee's attendance at such hearing. The Issuing Authority shall provide Licensee with the results of its performance evaluation in writing within sixty (60) days after the conclusion of such hearing.

SECTION 11.3 – NONDISCRIMINATION

The Licensee shall not discriminate against any Person in its solicitation or Service on the basis of race, color, creed, religion, ancestry, national origin, geographical location within the City, sex, sexual orientation, disability, age, marital status, or status with regard to public assistance. The Licensee shall be subject to all other requirements of federal and State laws or regulations, relating to nondiscrimination through the term of the Renewal License.

SECTION 11.4 – JURISDICTION/VENUE

Jurisdiction and venue over any dispute, action or suit shall be in any court of appropriate venue and subject matter jurisdiction located in the Commonwealth of Massachusetts and the parties by the instrument subject themselves to the personal jurisdiction of said court for the entry of any such judgment and for the resolution of any dispute, action, or suit.

ARTICLE 12

DETERMINATION OF BREACH - LICENSE REVOCATION

SECTION 12.1 - NOTICE AND OPPORTUNITY TO CURE

In the event that the Issuing Authority has reason to believe that the Licensee has defaulted in the performance of any or several provisions of this Renewal License, except as excused by Force Majeure, the Issuing Authority shall notify the Licensee in writing, by certified mail, of the provision or provisions which the Issuing Authority believes may have been in default and the details relating thereto. The Licensee shall have thirty (30) days from the receipt of such notice to:

(a) respond to the Issuing Authority in writing, contesting the Issuing Authority's assertion of default and providing such information or documentation as may be necessary to support the Licensee's position; or

(b) cure any such default (and provide written evidence of the same), or, in the event that by nature of the default, such default cannot in the reasonable opinion of the Issuing Authority be cured within such thirty (30) day period, to take reasonable steps to cure said default and diligently continue such efforts until said default is cured. The Licensee shall report to the Issuing Authority, in writing, by certified mail, at thirty (30) day intervals as to the Licensee's efforts, indicating the steps taken by the Licensee to cure said default and reporting the Licensee's progress until such default is cured.

(c) In the event that: (i) the Licensee fails to respond to such notice of default; and/or (ii) the Licensee fails to cure the default or to take reasonable steps to cure the default within the required thirty (30) day period; the Issuing Authority or its designee shall promptly schedule a public hearing no sooner than fourteen (14) days after written notice, by certified mail, to the Licensee. The Licensee shall be provided reasonable opportunity to offer evidence, question witnesses, if any, and be heard at such public hearing.

(d) Within forty-five (45) days after said public hearing, the Issuing Authority shall issue a written determination of its findings. In the event that the Issuing Authority determines that the Licensee is in such default, the Issuing Authority may determine to pursue any lawful remedy available to it, including, but not limited to:

- (i) seek specific performance of any provision in this Renewal License which reasonably lends itself to such remedy as an alternative to damages;
- (ii) commence an action at law for monetary damages
- (iii) foreclose on all or any appropriate part of the security provided pursuant to Section 10.2 herein;
- (iv) declare the Renewal License to be revoked subject to Section 12.2 below and applicable law;
- (v) assess liquidated damages in accordance with the schedule set forth in Section 12.5 below; and
- (v) invoke any other lawful remedy available to the City.

(e) In the event that the Issuing Authority fails to issue a written determination within forty-five (45) days after the public hearing pursuant to Section 12.1(d) above, then the issue of said default against Licensee by the Issuing Authority shall be considered null and void.

SECTION 12.2 – REVOCATION OF THE RENEWAL LICENSE

To the extent permitted by applicable law and subject to the provisions of Section 12.1 above, in the event that the Licensee fails to comply with any material provision of this Renewal License, the Issuing Authority may revoke the Renewal License granted herein.

SECTION 12.3 – NON-EXCLUSIVITY OF REMEDY

No decision by the Issuing Authority or the City to invoke any remedy under this Renewal License or under any statute, law or ordinance shall preclude the availability of any other such remedy.

SECTION 12.4 – NO WAIVER-CUMULATIVE REMEDIES

(a) No failure on the part of the Issuing Authority, the City or the Licensee to exercise, and no delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall any single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

(b) The rights and remedies provided herein are cumulative and not exclusive of any remedies provided by law, and nothing contained in this Renewal License shall impair any of the rights of the City or of the Licensee under applicable law, subject in each case to the terms and conditions in this Renewal License.

(c) No waiver of, nor failure to exercise any right or remedy by the Issuing Authority, the City or the Licensee at any one time shall not affect the exercise of such right or remedy or any other right or remedy by the City or the Licensee at any other time. In order for any waiver of the Issuing Authority, City or the Licensee to be effective, it shall be in writing.

(d) The failure of the Issuing Authority or the City to take any action in the event of any breach by the Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Issuing Authority or the City to take any action permitted by this Renewal License at any other time in the event that such breach has not been cured, or with respect to any other breach by the Licensee.

SECTION 12.5 – LIQUIDATED DAMAGES

(a) For the violation of any of the following provisions of the Renewal License, liquidated damages may be invoked by the Issuing Authority and, if so, shall be paid by the Licensee to the Issuing Authority, subject to Section 12.1 above. Any such liquidated damages shall be assessed as of the date that the Licensee received written notice, by certified mail, of the provision or provisions which the Issuing Authority believes are in default, provided that the Issuing Authority made a determination of default pursuant to Section 12.1 above.

(i) For failure to operate, program and/or maintain the Cable Television System, in accordance with Article 3 or 4 above, Three Hundred Dollars (\$300.00) per day, for each day that such construction, upgrade, installation and/or activation has not occurred.

(ii) For failure to obtain the advance, written approval of the Issuing Authority for any transfer of the Renewal License in accordance with Section 2.8 herein, Five Hundred Dollars (\$500.00) per day, for each day that any such non-compliance continues.

(iii) For failure to comply with the PEG Access provisions in accordance with Article 6 herein, Three Hundred Dollars (\$300.00) per day, for each day that any such non-compliance continues, except for payments pursuant to Section 6.4

(iv) For failure to comply with the technical standards, pursuant to Section 3.8 above and Exhibit 3 attached hereto, Three Hundred Dollars (\$300.00), for each day that any such non-compliance continues.

(v) For failure to comply with the FCC's Customer Service Obligations in accordance with Section 12.3 and Exhibit 8, *infra*, Two Hundred Dollars (\$200.00) per day that any such non-compliance continues.

(vi) For failure to provide, install and/or fully activate the Subscriber Network Drops and/or Outlets in accordance with Section 3.5 herein and/or Exhibit 3.5 herein, One Hundred Dollars (\$100.00) per day that any of such Drops and/or Outlets are not provided, installed and/or activated as required.

(vii) For failure to file schedules and notice of any changes thereto describing the rates and charges and terms and conditions of services offered by the Licensee, at least thirty (30) days prior to the effective date of any such schedule change or other change thereto, pursuant to Section 8.1 herein, Fifty Dollars (\$50.00) per day that such non-compliance continues.

(b) Such liquidated damages shall be in addition to, and not a limitation upon, any other provisions of the Renewal License and applicable law, including revocation, or any other statutorily or judicially imposed penalties or remedies.

Each of the above-mentioned cases of non-compliance shall result in damage to the City, its residents, businesses and institutions, compensation for which will be difficult to ascertain. The Licensee agrees that the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage. The Licensee agrees that said foregoing amounts are liquidated damages, not a penalty or forfeiture, and are within one or more exclusions to the term “franchise fee” provided by Section 622(g)(2)(A)-(D) of the Cable Act.

Said reports shall include the following information and any other information that may be required by applicable law(s): (i) confirmation that, under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made (which standard shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis); and (ii) confirmation that, under normal operating conditions, the customer will receive a busy signal less than three (3) percent of the time.

**TITLE 47--TELECOMMUNICATION
CHAPTER I--FEDERAL COMMUNICATIONS COMMISSION
PART 76--CABLE TELEVISION SERVICE
Subpart H--General Operating Requirements**

Sec. 76.309 Customer Service Obligations

(a) A cable franchise authority may enforce the customer service standards set forth in paragraph (c) of this section against cable operators. The franchise authority must provide affected cable operators ninety (90) days written notice of its intent to enforce the standards.

(b) Nothing in this rule should be construed to prevent or prohibit:

(1) A franchising authority and a cable operator from agreeing to customer service requirements that exceed the standards set forth in paragraph (c) of this section;

(2) A franchising authority from enforcing, through the end of the franchise term, pre-existing customer service requirements that exceed the standards set forth in paragraph (c) of this section and are contained in current franchise agreements;

(3) Any State or any franchising authority from enacting or enforcing any consumer protection law, to the extent not specifically preempted herein; or

(4) The establishment or enforcement of any State or municipal law or regulation concerning customer service that imposes customer service requirements that exceed, or address matters not addressed by the standards set forth in paragraph (c) of this section.

(c) Effective July 1, 1993, a cable operator shall be subject to the following customer service standards:

(1) Cable system office hours and telephone availability--

(i) The cable operator will maintain a local, toll-free or collect call telephone access line which will be available to its subscribers 24 hours a day, seven days a week.

(A) Trained company representatives will be available to respond to customer telephone inquiries during normal business hours.

(B) After normal business hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received after normal business hours must be responded to by a trained company representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis.

(iii) The operator will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(iv) Under normal operating conditions, the customer will receive a busy

signal less than three (3) percent of the time.

(v) Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

(2) Installations, outages and service calls. Under normal operating conditions, each of the following four standards will be met no less than ninety-five (95) percent of the time measured on a quarterly basis:

(i) Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those that are located up to 125 feet from the existing distribution system.

(ii) Excluding conditions beyond the control of the operator, the cable operator will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption becomes Known. The cable operator must begin actions to correct other service problems the next business day after notification of the service problem.

(iii) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four-hour time block during normal business hours. (The operator may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.)

(iv) An operator may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment.

(v) If a cable operator representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time that is convenient for the customer.

(3) Communications between cable operators and cable subscribers--

(i) Notifications to subscribers--

(A) The cable operator shall provide written information on each of the following areas at the time of installation of service, at least annually to all subscribers, and at any time upon request:

- (1) Products and services offered;

(6) Billing and complaint procedures, including the address and telephone number of the local franchise authority's cable office.

(B) Customers will be notified of any changes in rates, programming services or channel positions as soon as possible in writing. Notice must be given to subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of the cable operator. In addition, the cable operator shall notify subscribers thirty (30) days in advance of any significant changes in the other information required by paragraph (c)(3)(i)(A) of this section. Notwithstanding any other provision of Part 76, a cable operator shall not be required to provide prior notice of any rate change that is the result of a regulatory fee,

franchise fee, or any other fee, tax, assessment, or charge of any kind imposed by any Federal agency, State, or franchising authority on the transaction between the operator and the subscriber.

(ii) Billing--

(A) Bills will be clear, concise and understandable. Bills must be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Bills will also clearly delineate all activity during the billing period, including optional charges, rebates and credits.

(B) In case of a billing dispute, the cable operator must respond to a written complaint from a subscriber within 30 days.

(iii) Refunds--Refund checks will be issued promptly, but no later than either--

(A) The customer's next billing cycle following resolution of the request or thirty (30) days, whichever is earlier, or

(B) The return of the equipment supplied by the cable operator if service is terminated.

(iv) Credits--Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

207 CMR 10.00

10.01: Billing Practices Notice

- (1) Every cable television operator shall give written notice of its billing practices to potential subscribers before a subscription agreement is reached. Such notice shall include practices relating to the frequency and timing of bills, payment requirements necessary to avoid account delinquency, billing dispute resolution procedures and late payment penalties.
- (2) A copy of the cable television operator's billing practices notice, work order and sample subscriber bill shall be filed by March 15th of each year with the Commission, the issuing authority, and the company's local office, where they shall be available for public inspection. If an operator amends its billing practices notice, work order or subscriber bill after submitting the annual filing, it shall file copies of the amendments with the Commission, the issuing authority and the company's local office.
- (3) At least 30 days prior to implementing a change of one of its billing practices, the cable television operator shall notify in writing the Commission, the issuing authority and all affected subscribers of the change and include a description of the changed practice.
- (4) Statements about billing practices in work orders, marketing, materials and other documents shall be consistent with the billing practices notice.

10.02: Services, Rates and Charges Notice

- (1) The cable television operator shall give notice of its services, rates and charges to potential subscribers before a subscription agreement is reached.
- (2) At least 30 days prior to implementing an increase in one of its rates or charges or a substantial change in the number or type of programming services, the operator shall notify, in writing, the Commission, the issuing authority and all affected subscribers of the change and include a description of the increased rate or charge. The notice shall list the old and new rate or charge and, if applicable, the old and new programming services provided.
- (3) Every cable television operator shall fully disclose in writing all of its programming services and rates, upon request from a subscriber.
- (4) Every cable television operator shall fully disclose in writing all of its charges for installation, disconnection, downgrades and upgrades, reconnection, additional outlets, and rental, purchase and/or replacement due to damage or theft of equipment or devices used in relation to cable services, upon request from a subscriber.
- (5) Every cable television operator shall provide written notice of the charge, if any, for service visits and under what circumstances such charge will be imposed, upon request from a subscriber.
- (6) A copy of the cable operator's programming services, rates and charges shall be filed by March 15th of each year with the Commission, the issuing authority and the company's local office where it shall be made available for public inspection. If an operator amends its notice after the annual filing, it shall file a copy of the amendment with the Commission, the issuing authority and the company's local office.

- (7) A cable operator shall not charge a subscriber for any service or equipment that the subscriber has not affirmatively requested by name. This provision, however, shall not preclude the addition or deletion of a specific program from a service offering, the addition or deletion of specific channels from an existing tier of service, or the restructuring or division of existing tiers of service that do not result in a fundamental change in the nature of an existing service or tier of service.

10.03: Form of Bill

- (1) The bill shall contain the following information in clear, concise and understandable language and format:
- (a) The name, local address and telephone number of the cable television operator. The telephone number shall be displayed in a conspicuous location on the bill and shall be accompanied by a statement that the subscriber may call this number with any questions or complaints about the bill or to obtain a description of the subscriber's rights under 207 CMR 10.07 in the event of a billing dispute;
 - (b) the period of time over which each chargeable service is billed including prorated periods as a result of establishment and termination of service;
 - (c) the dates on which individually chargeable services were rendered or any applicable credits were applied;
 - (d) separate itemization of each rate or charge levied or credit applied, including, but not be limited to, basic, premium service and equipment charges, as well as any unit, pay-per-view or per item charges;
 - (e) the amount of the bill for the current billing period, separate from any prior balance due;
 - (f) The date on which payment is due from the subscriber.
- (2) Cable operators may identify as a separate line item of each regular subscriber bill the following:
- (a) The amount of the total bill assessed as a franchise fee and the identity of the franchising authority to whom the fee is paid;
 - (b) The amount of the total bill assessed to satisfy any requirements imposed on the cable operator by the franchise agreement to support public, educational, or governmental channels or the use of such channels;
 - (c) The amount of any other fee, tax, assessment, or charge of any kind imposed by any governmental authority on the transaction between the operator and the subscriber. In order for a governmental fee or assessment to be separately identified under 207 CMR 10.03, it must be directly imposed by a governmental body on a transaction between a subscriber and an operator.
- (3) All itemized costs shall be direct and verifiable. Each cable operator shall maintain a document in its public file which shall be available upon request, that provides the accounting justification for all itemized costs appearing on the bill.

10.04: Advance Billing and Issuance of Bill

- (1) In the absence of a license provision further limiting the period of advance billing, a cable operator may, under uniform nondiscriminatory terms and conditions, require payment not more than two months prior to the last day of a service period.

- (2) A cable subscriber may voluntarily offer and a cable operator may accept advance payments for periods greater than two months.
- (3) Upon request, a cable television operator shall provide subscribers with a written statement of account for each billing period and a final bill at the time of disconnection.

10.05: Billing Due Dates, Delinquency, Late Charges and Termination of Service

- (1) Subscriber payment is due on the due date marked on the bill, which shall be a date certain and in no case a statement that the bill is due upon receipt. The due date shall not be less than five business days following the mailing date of the bill.
- (2) A subscriber account shall not be considered delinquent unless payment has not been received by the company at least 30 days after the bill due date.
- (3) The following provisions shall apply to the imposition of late charges on subscribers:
 - (a) A cable television operator shall not impose a late charge on a subscriber unless a subscriber is delinquent, the operator has given the subscriber a written late charge notice in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the date of delinquency to pay the balance due.
 - (b) A charge of not more than 5 percent of the balance due may be imposed as a one-time late charge.
 - (c) No late charge may be assessed on the amount of a bill in dispute.
- (4) A cable television operator shall not terminate a subscriber's service unless the subscriber is delinquent, the cable operator has given the subscriber a separate written notice of termination in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the mailing of the notice of termination to pay the balance due. A notice of termination shall not be mailed to subscribers until after the date of delinquency.
- (5) A cable television operator shall not assess a late charge on a bill or discontinue a subscriber's cable television service solely because of the nonpayment of the disputed portion of a bill during the period established by 207 CMR 10.07 for registration of a complaint with the operator or during the process of a dispute resolution mechanism recognized under 207 CMR 10.07.
- (6) Any charge for returned checks shall be reasonably related to the costs incurred by the cable company in processing such checks.

10.06: Charges for Disconnection or Downgrading of Service

- (1) A cable television operator may impose a charge reasonably related to the cost incurred for a downgrade of service, except that no such charge may be imposed when:
 - (a) A subscriber requests total disconnection from cable service; or
 - (b) A subscriber requests the downgrade within the 30 day period following the notice of a rate increase or a substantial change in the number or type of programming services relative to the service (s) in question.
- (2) If a subscriber requests disconnection from cable television service prior to the effective date of an increase in rates, the subscriber shall not be charged the increased rate if the cable television operator fails to disconnect service prior to the effective date. Any subscriber who has paid in advance for the next billing period and who requests disconnection from service shall receive a prorated refund of any amounts paid in advance.

10.07: Billing Disputes

- (1) Every cable television operator shall establish procedures for prompt investigation of any billing dispute registered by a subscriber. The procedure shall provide at least 30 days from the due date of the bill for the subscriber to register a complaint. The cable television operator shall notify the subscriber of the result of its investigation and give an explanation for its decision within 30 working days of receipt of the complaint.
- (2) The subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails to pay the undisputed balance within 30 days.
- (3) Any subscriber in disagreement with the results of the cable television operator's investigation shall promptly inquire about and take advantage of any complaint resolution mechanism, formal or informal, available under the license or through the issuing authority before the Commission may accept a petition filed under 207 CMR 10.07(4).
- (4) The subscriber or the cable television operator may petition the Commission to resolve disputed matters within 30 days of any final action. Final action under 207 CMR 10.07(3) shall be deemed to have occurred 30 days after the filing of a complaint.
- (5) Upon receipt of a petition, the Commission may proceed to resolve the dispute if all parties agree to submit the dispute to the Commission and be bound by the Commission's decision and the Commission obtains a statement signed by the parties indicating that agreement. In resolving the dispute, the Commission may receive either written or oral statements from the parties, and may conduct its own investigation. The Commission shall then issue a decision based on the record and the parties shall receive written notification of the decision and a statement of reasons therefor.

10.08: Security Deposits

- (1) A cable operator shall not require from any cable subscriber a security deposit for converters or other equipment in excess of the cost of the equipment.
- (2) The cable operator shall pay interest to the cable subscriber at a rate of 7% per year for any deposit held for six months or more, and such interest shall accrue from the date the deposit is made by the cable subscriber. Interest shall be paid annually by the cable operator to the cable subscriber, either as a direct payment or as a credit to the cable subscriber's account.
- (3) Within 30 days after the return of the converter or other equipment, the cable operator shall return the security deposit plus any accrued interest to the cable subscriber, either as a direct payment or as a credit to the cable subscriber's account.
