Initiating a Subgrant Award Report

The SAR only needs to be completed once per contract period per MOVA Administered Award. For example, if you agency has both a VSS award and SAFEPLAN award, you will need to complete a SAR for **each** award. Within the first 3 months of your award, you will see the Subgrant Award Report appear in your My Opportunities section of the dashboard. MOVA will notify you via email when the report is open and when the report is due.

To start your SAR, click on the link from My Opportunities depending on which award you receive:

Click the green OK to submit. The system will take you back to the Document Landing Page, where you can find the details of the SAR. Here, you can find the status changed from SAR in Process to SAR in Review.

A few minutes after, you will also receive an email notification confirming that the SAR has been submitted.

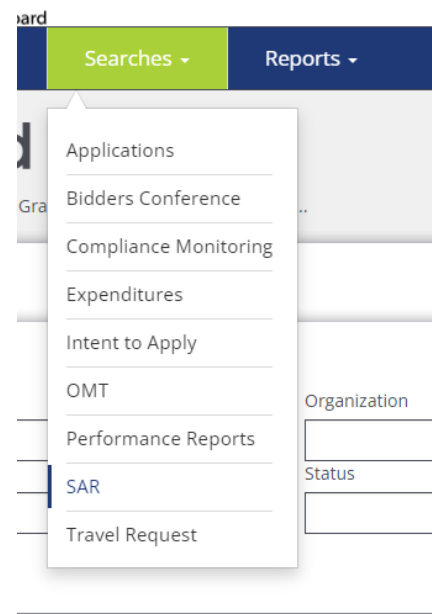

No further actions will be required of you at this time. Below, find the steps on how to find MOVA's questions and feedback and how to resubmit a SAR with updates.

SAR in Process

It is likely that you may need to start the SAR and return to it at a later date. To do this navigate to Searches and select SAR:

When you arrive at the search page, click the green Search button and your SAR should appear below.

If you receive an error message that says No Results Found, it is likely that you did not save your SAR. Return to the homepage and begin a new SAR from My Opportunities.

SAR Modifications Required

MOVA may send feedback and questions regarding your SAR over the eGrants system via Notes, similar to the OMT or contracting process.

Notifications

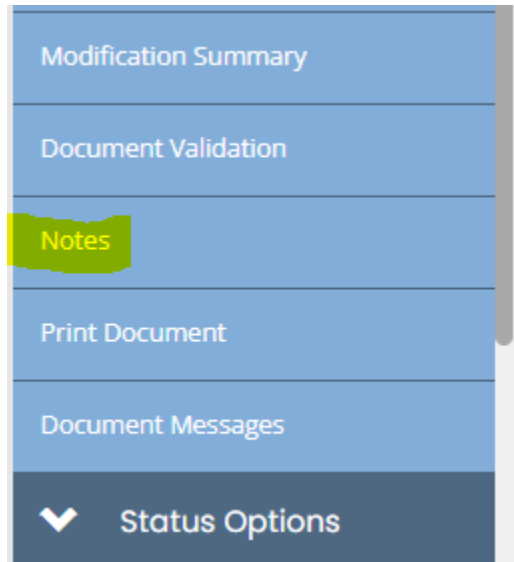

When your SAR requires updates or feedback, it will be in the status of SAR Modifications Required, and the system will email you (and all relevant roles on eGrants) to inform you of the status change.

Another way to find out if your SAR needs modifications is by checking your Dashboard on the eGrants home screen under My Tasks.

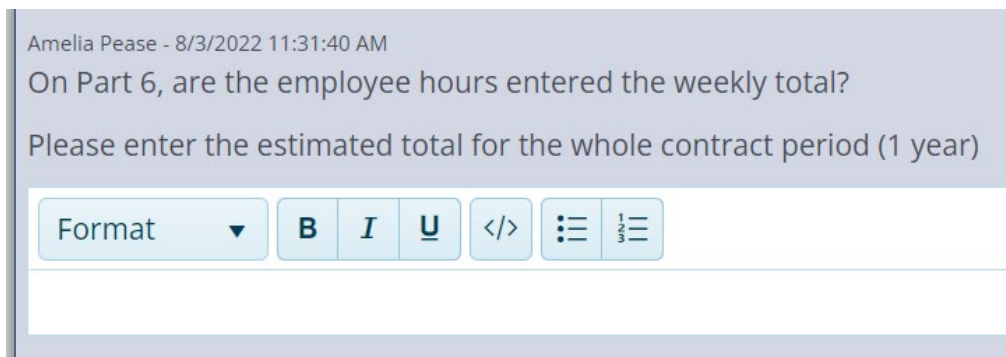

eGrants Tip: The My Tasks section is organized alphabetically by default but can be organized by any of the columns by clicking on the column title. The best practice is to click the Status Date column title in order to organize your Tasks from most recent to least recent.

Modifications Required

Once you navigate to the SAR, scroll down the lefthand panel and select the Notes section.

The topmost note will contain MOVA's feedback and questions for the SAR.

For approval, make the requested updates by navigating to the page specified by MOVA and updating the submission details. Always make sure to save after making any changes by clicking the Save button in the top right corner.

If MOVA has left a question in the Notes section, you can respond to the Note by clicking in the white space underneath the Note and typing your response.

Yes, it is the weekly totals. I have updated it to reflect the year

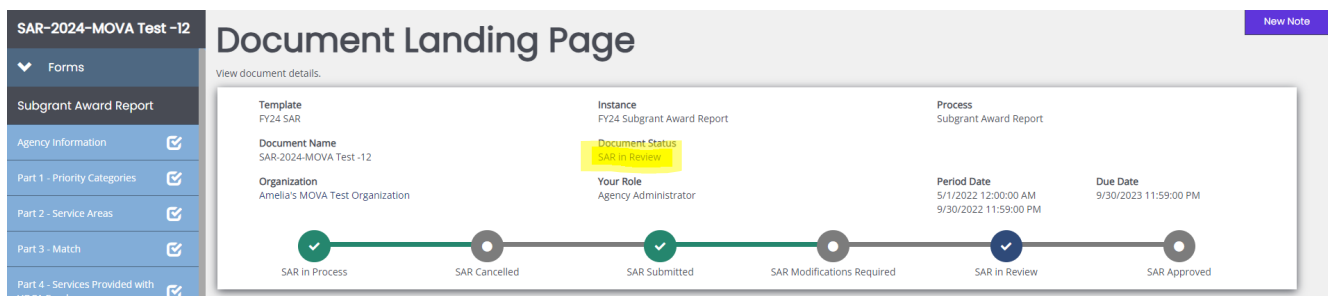

You can save the Note by clicking Enter on your keyboard or by clicking the Save Reply button in the form of a paper airplane. Once saved, you may also edit or delete the Note using the pencil or trash icons respectively.

After addressing MOVA's feedback and questions, resubmit your SAR by scrolling down the lefthand panel, selecting SAR Submitted from the Status Options, and confirming.

The modification process will continue until the SAR is approved by MOVA.

eGrants Tip: You will receive an email confirming that your modifications have been submitted to MOVA. These emails are oftentimes delayed so although the email is a great confirmation, a more immediate way to verify that your submission has gone through is to navigate to the Document Landing Page and look at the Document Status.

The Document Statuses

Although only a few statuses will be relevant to subrecipients, the Document Statuses indicate the following:

- SAR in Process – a SAR will be in this status when it has been initiated but not submitted to MOVA. To find a SAR in process, navigate to Searches on the top bar and select SAR.
- SAR Canceled – a SAR was started but canceled by either MOVA or the subrecipient
- SAR Submitted/SAR in Review – a SAR has been submitted to MOVA and is in review
- SAR Modifications Required – a SAR will be in this status when MOVA has follow up questions and the report is pending the subrecipient’s resubmission
- SAR Approved – there is no further changes needed. You can always find your SAR to refer to by navigating to Searches on the top bar and select SAR.

Submitting Another SAR

If you receive SAFEPLAN funding in addition to your VSS funding, a second SAR will need to be completed. To complete a second SAR, navigate back to My Opportunities and follow the steps again under Submitting a New Subgrant Award Report on the second page of this document. You will select the FY25 SAFEPLAN Subgrant Award Report from My Opportunities.

Conclusion

By following all the above steps, subrecipients can successfully use the MOVA eGrants system to submit their FY25 SAR.

Timeline

The SAR must be complete on eGrants by August 31st following the start date of a July 1st contract.
