

Save Energy Using Statewide Contracts

Whether you're looking to conserve energy to reduce costs or you're taking an environmental stance, Statewide Contracts offer many energy-saving opportunities.

Building Materials and Supplies (through [FAC119](#), [FAC123](#), and [FAC124](#))

- Energy-efficient lighting — Must meet [Design Lights Consortium \(DLC\)](#) or [Energy Star](#) ratings. Exterior fixtures also must meet the [International Dark Sky Association Fixture Seal of Approval](#) or the [Envision- Institute for Sustainable Infrastructure](#) requirements. LED Roadway and Outdoor Area Lighting must be on [DCL Qualified Products List](#)
- [Energy Star registered products](#), including appliances, building products, heating and cooling systems (air source and ground source heat pumps and mini-splits), lighting, and water heaters (heat pump options)
- [National Electrical Manufacturers Association](#) (NEMA) premium energy efficient motors
- Building Envelope products that reduce energy use by lowering surface temperatures and decreasing the amount of heat transferred into the building
- Supplies, including roofing products that meet [Leadership in Energy and Environmental Design](#) (LEED) standards
- Solar Panels (FAC124, Category 1; also request through FAC119 and FAC123)
- Plumbing products that meet EPA WaterSense criteria that reduce water use and heating
- When working with Trades vendors ([TRD01](#), [TRD02](#), [TRD03](#), [TRD04](#)), include in your requests for quotes (RFQs) to use products that meet environmentally preferable products (EPP) requirements

Energy-Related Services

- Energy Consulting Services — [PRF69](#), [PRF74](#), [PRF76](#), [PRF77](#)
- Renewable and Alternative Energy Portfolio Standards — [ENE57](#): includes equipment, devices, data collection, testing, certification facilitation, and management of customer assets for Renewable Energy Certificates and/or Alternative Portfolio Standards
- Solar Inspection Services — [TRD01](#)

Technology

- Computers, desktops, laptops, and servers — [ITC73](#): all IT Hardware are [Electronic Product Environmental Assessment Tool](#) (EPEAT) and/or [TCO](#) certified, and Energy Star registered
- Copiers, printers, scanners, and multifunctional devices (MFDs) — EPEAT and Energy Star registered
- Mobile Phones — [ITT72](#): EPEAT and Energy Star registered

Save Energy Using Statewide Contracts

Vehicles and Landscaping Equipment

- Alternative Fuel Vehicles — [VEH110](#): hybrid, electric, ethanol (E85), etc.
- Heavy Duty Vehicles, Road Maintenance and Construction Equipment — [VEH111](#): all-electric vehicles and upfits available, including buses and truck chassis
- Alternative Vehicle Technologies — [VEH122](#): Electric vehicle supply equipment, such as charging stations and idle reduction
- Battery Powered/Electric Landscaping Equipment — [FAC116](#)
- EV Charging Cards — [VEH123](#): Access to EV charging stations
- Short-Term Vehicle Rental — [VEH121](#): offers hybrid and electric vehicles
- Equipment Rentals — [FAC131](#): includes hybrid and battery electric options
- Telematics — [VEH116](#): provides vehicle tracking and routing software for data-driven decisions and vehicle and fleet asset efficiencies

Other

- Foodservice Equipment — [GRO40](#): Energy Star registered dishwashers, refrigerators and freezers, fryers, ice makers, griddles, ovens, holding cabinets, and steam cookers
- Rechargeable Batteries and Chargers (non vehicle) — [FAC116](#), [FAC118](#), [FAC123](#), [FAC124](#): Nickel Metal Hydride (NiMH) or rechargeable Lithium-Ion batteries and chargers

Sustainability Tips

- ✓ Ask for products that are energy and water efficient, less toxic, more durable, and contain recycled content.
- ✓ Anything that plugs in should be registered with Energy Star.
- ✓ If it uses water, check for the US EPA WaterSense label. Using less hot water may reduce energy use!
- ✓ Green your fleet: alternative fuel vehicles, charging/fueling stations, recycled motor oils/refined antifreeze, and non-lead wheel weights.
- ✓ Build and use clean, renewable energy.
- ✓ Reduce, Reuse, Recycle! The three R's help divert waste from disposal, avoiding energy used and pollution released during the extraction of natural resources and in the manufacturing process.

Purchasing Resources

- ✓ Get details about our Statewide Contracts: [mass.gov/osd](#) > [Find a Statewide Contract User Guide](#).
- ✓ Learn about the Commonwealth of Massachusetts' Environmentally Preferable Products (EPP) Procurement Program: [mass.gov/epp](#).
- ✓ Locate EPP Procurement Program Reports: [mass.gov/epp](#) > [EPP Annual Reports and Other Publications](#).
- ✓ Find extensive Statewide Contract EPP information in the Environmentally Preferable Products and Services Guide: [mass.gov/epp](#) > [Find Green Products and Services on Statewide Contracts](#).
- ✓ Contact the Director of Environmental Purchasing: Julia Wolfe: julia.wolfe@mass.gov.
