How may the Operational Services Division help your school?

Statewide Contracts & COMMBUYS

The Local Government Enablement Team is dedicated to helping municipal organizations access competitive Statewide Contract pricing, reach potential bidders, streamline business purchasing and procurement processes, and find Grant opportunities through COMMBUYS, the Commonwealth of Massachusetts' online procurement platform.

If your school is not yet using COMMBUYS and Statewide Contracts, speak with one of our Local Government Account Managers. They're available to discuss COMMBUYS' many features, match them against the needs of your organization, and assist with COMMBUYS implementation and training.

Local Government Enablement Team

Contact the Local Government Enablement Team at COMMBUYSEnablement@mass.gov or 617-720-3329 to set up a consultation.

Left to right: Eric Murphy, Team Manager; Jennifer Forsey, Account Manager; Jackie Needham, Account Manager; Patricia Burke, Account Manager.

State Surplus Property Program

The State Surplus Property Office (SSPO) is here to help! The SSPO manages the disposal, transfer, and sale of all State-owned surplus personal property. Surplus property includes, but is not limited to: office equipment and furniture, clothing, vehicles, and materials that exceed agency need.

For budget-conscious school systems, the SSPO may be of great assistance! After 30 days, any surplus property not transferred to Executive Departments is offered to municipalities, including schools, which may acquire the item for a small administrative fee.

If you are in need of an item, simply peruse the SSPO [website](#). If you see anything of interest, [email](#) the SSPO. New-to-you equipment and supplies are just a few clicks away!

Special Education Pricing

OSD sets the tuition prices for M.G.L. approved private special education programs for purchase by cities and towns and Commonwealth departments. Find more information on the [Special Education Pricing webpage](#).

Buy the Way

OSD's official magazine, *Buy the Way*, offers our customers a brief glance into OSD's procurement activities, as well as insights to other OSD programs and services.
