## Notice to Commercial Sea Urchin Diving Fishers

The Marine Fisheries Advisory Commission (MFAC) approved a control date of September 11, 1995 for the sea urchin dive fishery. This control date may be used in the future to limit entry into the urchin dive fishery. Any fisher who did not hold a regulated sea urchin permit endorsed for diving by September 11, 1995 may be ineligible to participate in this fishery in the future. Notice will be sent if the Division of Marine Fisheries (DMF) and the MFAC feel a limited entry system for this fishery is warranted.

Please complete, sign, and return this form along with:

- Your completed and signed commercial permit application endorsed for sea urchin.
- A copy of a valid driver's license or voter registration card
- Your fee (in addition to commercial permit fee, each endorsement fee is \$30 for Massachusetts residents and \$60 for non-residents) made payable to Commonwealth of Massachusetts.

I hereby certify that I have read and understand the above information on the control date for the sea urchin dive fishery. I further certify that I harvest sea urchins by diving.
