10 Park Plaza Emergency Overflow Center Update

4

- In December, a second-floor board room was used as a short-term shelter location for up to 25 families to stay overnight until a more permanent location was identified.
- MassDOT and the MBTA accommodated these families during the Governor's state of emergency.

Holiday Events: Polar Express and Fill-A-Bus

NEVI Plan RFR Issued

6

- December 20: Request for Responses (RFR) issued to vendors to establish a network of reliable fast charging stations for electric vehicles (EV) on state roadways.
- RFR will result in a list of pre-qualified vendors from which MassDOT may select one or more vendors to enter into a pre-development agreement, obligating the vendor(s) to evaluate sites that are identified for National Electric Vehicle Infrastructure (NEVI).
- Initial Responses to the Request for Responses will be due on January 11, 2024, and the RFR process is expected to conclude in May 2024.

Community Events: Lynn, Boston, Framingham
