BILINGUAL SELECTIVE CERTIFICATION

Pursuant to M.G.L. c. 31 § 21 provides that the Personnel Administrator may limit eligibility to appear on a certificate for original appointment to persons who are fluent in a specified foreign language commonly spoke among the constituency to be served.

Personnel Administration Rule .08(6) provides that if a requisition is made calling for persons having specialized and job-related qualifications in addition to the general qualifications already tested by an examination, the Personnel Administrator of the Human Resource Division (HRD) may, subject to review and approval, issue a selective certification of names only of such specially qualified persons from the appropriate eligible list.

Such selective certifications have been authorized in instances in which an Appointing Authority can clearly document that individuals in a particular title must have the additional qualification of fluency in a language other than English in order to adequately serve their constituency.

To initiate HRD's review of a bilingual selective certification request, the Appointing Authority must file a completed bilingual selective certification Questionnaire documenting such need. The completed questionnaire and any supporting documentation are then analyzed by HRD. Based upon the information provided relative to the non-English speaking population served and the nature and frequency of contact with that population exercised by those in the title, a determination will be made as to whether a selective certification may be issued.

The municipality demonstrates the need, HRD will issue a selective certification. If the request is lacking sufficient information to support the request HRD will notify the Appointing Authority.

A candidate's proficiency in a specified language is self-disclosed. HRD does not evaluate a candidate's fluency. It is the responsibility of the appointing authority to validate fluency as part of the selection process.

For those departments who entered into an agreement with HRD for Local Register hiring and/or established a cadet program, please note that hires from the bilingual selective certification will count towards the fifty percent maximum allowable under M.G.L. c. 31 § 59D.

Questions relative to the selective certification process may be addressed to Human Resources Division, Civil Service Unit at civilservice@mass.gov
