Thank you for your time. I have learned in the hospital area for about 55 years. We, like all cities, love our hospital access + service. Time changes I'll - but, unique here, is scenery + room for expansion - not an industrial facade on the street view. ER's are valuable + maybe more Tufts <sup>(p. 2)</sup> physicians would lease too. More teaching space is nice + day surgery with a unit of beds for PM care. - Sharon Dejesu

\* Some Dental oral surgery would be  
a great asset along with LAB services.
