GRANT OF RENEWAL LICENSE

SECTION 2.1 - GRANT OF RENEWAL LICENSE

(a) Pursuant to the authority of M.G.L. c. 166A, and the Cable Act the Issuing Authority hereby grants a non-exclusive Renewal License to Comcast of Massachusetts I, Inc., a Massachusetts Corporation, authorizing and permitting Licensee to construct, operate and maintain a Cable Television System in the Public Way within the municipal limits of the Town of Sherborn.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to Licensee the right to construct, upgrade, install, operate and maintain a Cable Television System within the Public Way.

SECTION 2.2 - TERM: NON-EXCLUSIVITY

This non-exclusive Renewal License term shall be for a period of ten (10) years, commencing on December 4, 2014 through midnight December 3, 2024.

SECTION 2.3 - RENEWAL

(a) In accordance with the provisions of federal law, M.G.L. c. 166A, § 13 and applicable regulations, this Renewal License shall be subject to additional renewals for the periods not to exceed ten (10) years or such other periods as allowed by law.

(b) In accordance with applicable law, any such renewal or renewals shall be upon mutual written agreement by Licensee and the Issuing Authority and shall contain such terms as Licensee and the Issuing Authority may then agree.

SECTION 2.4 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (a) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description; (b) be construed as a waiver of any codes, regulations or bylaws of general applicability and not specific to the Cable Television System, Licensee, or this License; or (c) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. Any conflict between the terms of this Renewal License and any present or future exercise of the Town's police and regulatory powers shall be resolved by a court of appropriate jurisdiction.

SECTION 2.5 - NON-EXCLUSIVITY OF LICENSE

(a) This Renewal License shall not affect the right of the Issuing Authority to grant to any other Person a license or right to occupy or use the Public Ways, or portions thereof, for the construction, upgrade, installation, operation or maintenance of a Cable Television System within the Town; or the right of the Issuing Authority to permit the use of the Public Ways and places of the Town for any purpose(s) whatsoever. The Licensee hereby acknowledges the Issuing Authority's right to make such grants and permit such uses at its sole discretion.

(b) The grant of any additional cable television license(s) shall be at the sole discretion of the Issuing Authority, subject to this Section 2.4(e) below.

(i) In the event that the Licensee believes that any additional cable television license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Licensee may request, in writing, that the Issuing Authority convene a public hearing on that issue. Along with said written request, the Licensee shall provide

the Issuing Authority with written reasons for its belief. At the public hearing, the Issuing Authority shall afford the Licensee an opportunity to demonstrate that any such additional cable television license(s) are on terms more favorable or less burdensome than those contained in this Renewal License. The Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested.

(ii) Should the Licensee demonstrate that any such additional cable television license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall negotiate, in good faith, equitable amendments to this Renewal License within a reasonable time.

(c) The issuance of additional license(s) shall be subject to applicable federal law(s), and M.G.L. Chapter 166A and applicable regulations promulgated thereunder.

(d) In the event an application for a new cable television license is filed with the Issuing Authority, proposing to serve the Town, in whole or in part, the Issuing Authority shall serve a copy of such application upon the Licensee by certified mail or via nationally recognized overnight courier services within a reasonable time thereafter.

(e) In the event that the Licensee believes that in the future another Licensee which has been granted a cable television license in the Town, has been provided relief by the Issuing Authority from a material obligation(s) of its license, which may include amendments to the license, that causes said other cable television license to be more favorable or less burdensome than this Renewal License, the Licensee may request, in writing, that the Issuing Authority convene a public hearing on that issue. Along with said written request, the Licensee shall provide the Issuing Authority with written reasons for its belief. The Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested. At the public hearing, the Issuing Authority shall afford the Licensee an opportunity to demonstrate that such relief causes said other cable license to be more favorable or less burdensome than this Renewal License. Should the Licensee demonstrate that any such relief causes said other cable television license to be more

favorable or less burdensome than the Renewal License, the Issuing Authority shall consider and negotiate, in good faith, equitable amendments to this Renewal License.

SECTION 2.6 – POLICE AND REGULATORY POWERS

By executing this Renewal License, the Licensee acknowledges that its rights are subject to the powers of the Town and its right to adopt and enforce generally applicable bylaws in the lawful exercise of its police powers to the extent permitted by applicable law, with respect to the safety and welfare of the public. The Licensee shall comply with all applicable federal and State laws and regulation, and Town bylaws and lawful regulations, provided such Town bylaws and regulations are not specific to this License, the Licensee and/or Cable System. Any conflict between the terms of this Renewal License and any present or future lawful exercise of the Town's police and regulatory powers shall be resolved in a court of competent jurisdiction. Nothing in this Section 2.6 shall be deemed to prohibit the right of the Licensee to challenge the legality of a Town bylaw or regulation.

SECTION 2.7 – REMOVAL OR ABANDONMENT

Upon termination of this Renewal License by passage of time or otherwise, unless (1) the Licensee has its license renewed for another term or (2) the ownership of the Cable Television System is transferred to another Person with written approval by the Issuing Authority in accordance with applicable law and pursuant to Section 2.8 below or (3) unless otherwise operating under the terms of this Renewal License as allowed by applicable law, the Licensee shall remove all of its supporting structures, poles, transmission and distribution systems, and other appurtenances from the Public Ways and shall restore the areas to their original condition as is reasonably possible and as soon as reasonably possible. If such removal is not complete within six (6) months of such termination, the Issuing Authority may deem any property not

removed as having been abandoned. Upon written request of the Licensee, the Issuing Authority may waive this requirement for good cause shown.

SECTION 2.8 – TRANSFER OF THE RENEWAL LICENSE

(a) Pursuant to M.G.L. c. 166A, Section 7, as may be amended from time to time, neither the Renewal License, nor control thereof, shall be transferred, assigned or disposed of in any manner, voluntarily or involuntarily, directly or indirectly, or by transfer of control of any Person, company and/or other entity holding such Renewal License to any other Person, company and/or other entity, without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. Such consent shall be given only after a public hearing upon a written application therefore on forms as may be prescribed by the FCC and/or the Cable Division. An application for consent to a transfer or assignment, if required, shall be signed by the Licensee and by the proposed transferee or assignee or by their representatives, evidence of whose authority shall be submitted with the application. A transfer or assignment of a license or control thereof between commonly controlled entities, between affiliated companies, or between parent and subsidiary corporations, shall not constitute a transfer or assignment of a license or control thereof under this Renewal License, unless otherwise provided by applicable federal or state law. An “affiliated company” is any Person or entity who owns or controls, is owned or controlled by, or is under common ownership or control with, such Person or entity.

(b) Pursuant to applicable state and federal law, as may be amended, in considering a request to transfer control of the Renewal License, the Issuing Authority shall consider the transferee's financial capability, management experience, technical expertise and legal ability to operate a Cable System under the existing license and may consider any other criteria allowable under applicable law or regulation.

(c) The consent or approval of the Issuing Authority to any assignment or transfer of the Renewal License granted to the Licensee shall not constitute a waiver or release of the rights of the

Town in and to the streets and Public Ways or any other rights of the Town under the Renewal License, and any such transfer shall, by its terms, be expressly subordinate to the terms and conditions of the Renewal License.

(d) The Licensee shall submit to the Issuing Authority an original and one (1) copy, unless otherwise required by applicable law, of the application and FCC Form 394 requesting such transfer or assignment consent.

(e) The consent of the Issuing Authority shall be given only after a public hearing to consider the written application for transfer. Unless otherwise allowed by applicable law(s), the Issuing Authority shall make a decision on said written application within one hundred and twenty (120) days of receipt of said application. After 120 days, the application shall be deemed approved, unless said 120 day period is extended in writing by mutual agreement of the parties pursuant to applicable law.

(f) Any proposed controlling or owning Person or transferee approved by the Issuing Authority shall be subject to all of the terms and conditions contained in the Renewal License.

SECTION 2.9 – EFFECT OF UNAUTHORIZED TRANSFER ACTION

(a) Any transfer of the Cable System without the Licensee and the transferee complying with Section 2.8 above shall be null and void, and shall be deemed a material breach of this Renewal License.

(b) If the Issuing Authority denies its consent to any such action and a transfer has nevertheless been effected, the Issuing Authority may revoke and terminate this Renewal License, unless such transfer is otherwise allowable by applicable law.

(c) The grant or waiver of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the grant of any such consent constitute a waiver of any other rights of the Town.

ARTICLE 3

Said I-Net shall be capable of transmitting composite video and audio transmissions from and among the buildings identified in **Exhibit 6.3a** ("I-Net Buildings") and returned over the Subscriber Network PEG Access Channels consistent with Sections 6.1 and 6.3 below. Said I-Net shall be provided to the building listed in **Exhibit 6.3a**, without charge(s) to the Issuing Authority, Town and/or the Access Provider.

(b) The Licensee shall continue to have the sole responsibility for operating and maintaining the I-Net until the date the newly constructed Video Return Lines are activated, pursuant to Section (c) below. (f) The Licensee shall own, operate, maintain and repair the VRL and related equipment, and shall be responsible for all necessary inspections and performance tests of the VRL. The Licensee shall maintain the VRL's video and accompanying audio signal quality consistent with the FCC video and audio signal quality rules and regulations for a Cable System.

(g) Any additional VRLs shall be capable of and may be used for transporting PEG Access Programming signals, providing that the operation of such additional VRLs do not interfere with the Licensee's VRL.

(h) The Issuing Authority, its designee(s), and or another licensee shall have the right at its/their own cost(s) and expense, to construct, operate and maintain additional VRLs from other municipal or school building(s) in the Town, as long as said additional VRL(s) is/are compatible with the Licensee's VRL and Licensee-owned related equipment, and/or the Cable System. (b) The construction, maintenance and operation of the Cable Television System for which this Renewal License is granted shall be done in conformance with all applicable laws, bylaws of general applicability, applicable codes and regulations, including but not limited to OSHA regulations, the Massachusetts Electrical Code, the National Electrical Safety Code, the National Electrical Code, the rules and regulations of the FCC, and the rules and regulations of the Cable Division, any other applicable Massachusetts laws and regulations, applicable Town bylaws and regulations, and all applicable land use restrictions as the same exist or as same may be hereafter changed or amended.

(c) Operating and maintenance personnel shall be trained in the use of all safety equipment and the safe operation of vehicles and equipment. Licensee shall install and maintain its equipment, cable and wires in such a manner as shall not interfere with any installations of the Town or any public utility serving the Town.

Whenever Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by Licensee upon written demand by the Issuing Authority. However, prior to such repair or restoration the Town should submit a written estimate to Licensee of the actual cost of said repair or restoration.

(b) Pursuant to Section 4.3(a) above, underground cable lines shall be placed beneath the pavement sub-grade in compliance with applicable Town by-laws, rules, regulations and/or standards. It is the policy of the Town that existing poles for electric and communication purposes be utilized wherever possible and that underground installation is preferable to the placement of additional poles.

(c) Except as provided for in paragraph (a) herein, in the event that the Licensee is required to place existing aerial plant underground, the Licensee reserves its right to pass those costs through to Subscribers if and to the extent allowed by applicable law. In the event the Town develops an undergrounding project for which it plans to utilize Town funds to reimburse utilities for the cost of said undergrounding, it shall notify the Licensee of such and discuss with the

Licensee how the Licensee may be eligible for such funding consistent with equitable principles and applicable law.

(d) Nothing in this Section shall be construed to require the Licensee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.4 - TREE TRIMMING

(b) Licensee shall have the right to seek reimbursement under any applicable government program for reimbursement.

SECTION 4.9 - EMERGENCY REMOVAL OF PLANT

(a) If, at any time, in case of fire or disaster in the Town, it shall be necessary in the reasonable judgment of the Town to cut or move any of the wires, cable or equipment of the Cable Television System, the Town shall have the right to do so without cost or liability. In such event, the Licensee shall reimburse the Issuing Authority the cost and expense of such removal within thirty (30) days of submission of a bill thereof.

SECTION 4.11 RIGHT TO INSPECTION

The Issuing Authority or its designee(s) shall have the right, at its sole cost and expense, to inspect the plant and equipment of the Licensee in the Town at reasonable times and under reasonable circumstances for the purpose of determining compliance with the requirements of this License. The Licensee shall fully cooperate in such inspections; provided, however, that such inspections are reasonable and do not interfere with the operation or the performance of the facilities of the Cable System, except in emergency situations, and that such inspections are conducted after reasonable written notice to the Licensee. The Licensee shall have a representative present during such inspections.

SECTION 4.12 – PRIVATE PROPERTY

The Licensee shall be subject to all laws, by-laws and/or regulations regarding private property in the course of constructing, upgrading, installing, operating and maintaining the Cable Television System in the Town. SECTION 4.14 – SERVICE INTERRUPTIONS

Except where there exists an emergency situation necessitating a more expeditious procedure, the Licensee may interrupt Service for the purpose of non-routine repairing, constructing or testing the Cable Television System only during periods of minimum use and, when practical, only after a minimum of forty-eight (48) hours notice to all affected Subscribers.

All broadcast signals that are transmitted to Licensee's headend in stereo shall be transmitted in stereo to Subscribers.

SECTION 5.5 – CABLE CHANNELS FOR COMMERCIAL USE

Pursuant to 47 U.S.C. 532 (Section 624 of the Cable Act), Licensee shall make available channel capacity for commercial use by persons unaffiliated with Licensee. SECTION 5.6 – CONTINUITY OF SERVICES

It shall be the right of all Subscribers to receive Cable Service insofar as Subscribers honor their financial and other obligations to the Licensee; provided, however, that the Licensee shall have no obligation to provide Cable Service to any Person who or which the Licensee has a reasonable basis to believe is utilizing an unauthorized converter and/or is otherwise obtaining any Cable Service without required payment thereof. The Licensee shall ensure that all Subscribers receive continuous, uninterrupted Cable Service, except for necessary Cable Service interruptions or as a result of Cable System or equipment failures. When necessary, if non-routine Cable Service interruptions can be anticipated, the Licensee shall notify Subscribers of such interruption(s) in advance if practical.

SECTION 6.1 - PEG ACCESS CHANNEL(S)

(a) Use of channel capacity for PEG Access shall be provided in accordance with federal law, 47 U.S.C. 531, and as further set forth in this Renewal License. Licensee does not relinquish its ownership of or ultimate right of control over a channel by designating it for PEG Access use. A PEG Access User (whether an individual, educational or governmental user) acquires no property or other interest by virtue of the use of a PEG Access Channel so designated, and may not rely on the continued use of a particular channel number, no matter how long the same channel may have been designated for such use. The PEG Access Channels shall, other than provided in Section 6.1(c) below, be used exclusively as and/or for PEG Access Channels and PEG Access Programming. The Licensee shall not exercise editorial control over any PEG Access use of PEG Access Channel capacity, except Licensee may refuse to transmit any public access program or portion of a public access program that contains obscenity, indecency, or nudity pursuant to Section 611 of the Cable Act, to the extent allowed by applicable law. The Issuing Authority and/or its designee shall be responsible for developing, implementing, interpreting and enforcing rules for the PEG Access Channels and PEG Access operations in accordance with applicable law. (c) In the event the Issuing Authority, including the Access Provider, its designee(s) or other PEG Access User(s) elects not to program a PEG Access Channel for a period of one hundred twenty (120) days or more, the Licensee may thereafter use such channel capacity that is

not being used for PEG Access purposes, subject to the right of the Issuing Authority to reclaim said channel capacity for its PEG Access use or the PEG Access use of its Access Provider, designee(s) or other Access users.

(d) Except in the event of a must-carry requirement in accordance with applicable law preventing advanced written notice, the Licensee shall not move or otherwise relocate the PEG Access Channel locations once established, without a minimum of thirty (30) days advanced written notice to the Issuing Authority.

(e) Said PEG Access Channel shall be used to transmit PEG Access Programming to Subscribers without charge to the Town, the public schools, the Access Provider or any organizations serving the Town.

(f) The PEG Access Channels may not be used to cablecast for-profit or commercial programs in any fashion.

(g) The Licensee shall monitor the PEG Access Channels for technical quality and shall ensure that signal quality, including video and audio, is maintained to FCC Technical specifications for Video Programming carried on the Cable System, including 47 CFR § 76.601 et seq., provided, however, that the Licensee is not responsible for the production quality of PEG Access Programming.

- (9) Accomplish such other tasks relating to the operation, scheduling and/or management of the PEG Access Channels, facilities and equipment as appropriate and necessary.

SECTION 6.3 – PEG ACCESS CABLECASTING

(a) In order that the Issuing Authority, the Town and/or the Access Provider can cablecast its PEG Access Programming over the Licensee-owned PEG Access downstream Channels, a PEG Access Programming signal shall be modulated (as may be needed) by the Town and/or Access Provider at the respective origination point, transmitted over the Licensee's I-Net or VRL to the Sherborn Town Hall as set out in Section 3.9 above, and then said signals shall be transmitted by the Licensee over the Licensee-owned VRL provided under Section 3.9 from the Sherborn Town Hall to the Dover/Sherborn PEG Access Studio located at 9 Junction Street, Dover, MA. Such PEG Access Programming signal shall then be transmitted from the 9 Junction Street PEG Access Studio to the Licensee-owned Cable System headend or hub over the Licensee provided fiber link. In addition to the foregoing upstream PEG Access signal transmissions, PEG Programming signals (Sherborn Education Access and Public Access Programming) may also be switched at the Dover/Sherborn PEG Access Studio located at 9 Junction Street, Dover, MA then transmitted to the Licensee-owned

Cable System headend or hub over the Licensee provided fiber link.

(b) At the Cable System headend or the hub, said PEG Access Programming signal shall be electronically switched retransmitting such in the downstream direction on the appropriate Subscriber Network PEG Access Channel. The Licensee shall not charge the Issuing Authority, its designee(s) and/or the Access Provider for such electronic switching responsibility. Any manual switching shall be the responsibility of the Issuing Authority, its designee, and/or the Access Provider. The Licensee and the Issuing Authority shall discuss in good faith any difficulties that arise regarding cablecasting of PEG Access Programming.

(c) The Licensee shall maintain, repair and/or replace any Licensee-owned VRL, Dover/Sherborn PEG Access Studio-through-Cable System headend and/or hub audio or video signal transport or processing equipment. The Access Provider shall maintain, repair and/or replace Sherborn Town Hall production equipment, and portable production and PEG Access signal transport and processing equipment located within the Town that the Access Provider owns.

(d) The VRL demarcation point at the Sherborn Town Hall between the Licensee's equipment and the Access Provider's or Town's equipment shall be at the output of the Access Provider or Town-owned production control device(s). The VRL demarcation point at the 9 Junction Street PEG Access Studio between the Licensee's equipment and the Access Provider's equipment shall be at the input of the Access Provider-owned master control. The Studio-to-Headend Link demarcation point between the Licensee's equipment and the Access Provider's equipment shall be at the output of the Access Provider-owned PEG Access Programming playback system located at the Dover/Sherborn PEG Access Studio.

(e) There shall be no charge to the Town, the Access Provider or Access Users by the Licensee for PEG Access cablecasting or PEG Access Programming pursuant to this Section 6.3.

(f) The Licensee and the Issuing Authority shall negotiate in good faith any difficulties that arise regarding the transmission and cablecasting of PEG Access Programming pursuant to this Section 6.3.

SECTION 6.4 – PEG ACCESS ANNUAL SUPPORT

(a) Licensee shall provide payments to the Issuing Authority or the Issuing Authority's designated Access Provider for PEG Access purposes, including, among other things, salary, operating and other related expenses connected to PEG Access operations and Programming, in an amount equal to five percent (5.00%) of Gross Annual Revenues less applicable License Fee payments to the Town and State only pursuant to M.G.L. c. 166A, sec. 9 (the "PEG Access Funding"). Payment of said PEG Access Funding shall be made as provided herein on a quarterly basis, on or before each February 15th, May 15th, August 15th and November 15th. Quarterly thereafter, the Licensee shall provide payments pursuant to this Section 6.4 on or before each May 15th, August 15th, November 15th and February 15th, based on the Gross Annual Revenues for the previous calendar quarter. All such payments to the Issuing Authority shall be payable to, and placed in, a restricted PEG Access grant account to be used for purposes consistent with Section 6.4 and not payable to or placed into the Town's general fund.

(b) The Licensee shall file with each of the payments pursuant to this Section 6.4, a statement certified by a duly authorized financial representative of the Licensee documenting, in reasonable detail, the Gross Annual Revenue as defined in Section 1.1(m), for each three (3)

month reporting period. Said statement shall list general categories comprising Gross Annual Revenues as defined in Section 1.1(m).

(c) In the event that payments required pursuant to this Section 6.4 are not tendered on or before the dates fixed herein, interest due on such required payments shall accrue and be paid to the Issuing Authority or its designee from the date due at the rate of two percent (2%) above the Prime Rate.

SECTION 6.5– PEG ACCESS CAPITAL PAYMENTS

(a) The Licensee shall provide funding to the Issuing Authority or Access Provider, as directed by the Issuing Authority, for PEG Access equipment and/or PEG Access facilities (the “PEG Capital Funding”), as follows:

Said one quarter percent (0.25%) payments (“PEG Capital Percentage Funding”) shall be used for PEG Access equipment and/or PEG Access facilities, including PEG Access video return. The first PEG Capital Percentage Funding payment shall be made to the Issuing Authority or the Access Provider, as directed by the Issuing Authority, by February 15, 2015 for the period from the Effective Date through December 31, 2014. Quarterly thereafter, the Licensee shall provide PEG Capital Percentage Funding payments on or before each May 15th, August 15th, November 15th and February 15th based on the Gross Annual Revenues for the previous calendar quarter.

(c) The Town and/or the Access Provider shall own all PEG Access equipment purchased with funding pursuant to this Section 6.5. The Licensee shall have no obligation for

maintenance, repair or replacement of such equipment or any other equipment owned and controlled by the Town or its designated Access Provider.

(d) Funding provided under this Section 6.5 shall not be counted toward: (i) the PEG Access Annual Support provided by the Licensee pursuant to Section 6.4 above; or (ii) the License Fee payment payable pursuant to Section 7.1 below and costs related to Video Return Line facilities or equipment provided under Section 3.9.

(e) In the event that payments provided under this Section 6.5 required to be made herein by the Licensee are not tendered on or before the dates fixed herein, interest due on such required payments shall accrue and be paid to the Issuing Authority or its designee from the date due at the rate of two percent (2%) above the Prime Rate.

SECTION 6.6 - NON-COMMERCIAL PROGRAMMING

The Issuing Authority and its designee(s) shall not use the designated PEG Access Channels, PEG Access equipment, or other PEG Access facilities to provide for-profit commercial Programming. Nothing in this Section 6.6 shall prohibit the Issuing Authority or its designee from having memberships, sponsorships, underwriting or acknowledgements (such as the underwriting and acknowledgments displayed by the Public Broadcasting System), to the extent not otherwise prohibited by applicable law or regulations.

SECTION 6.7 – REPORT OF DISBURSEMENTS

(a) At the written request of the Licensee on or before February 15th of each year, the Issuing Authority, or its designee, shall submit to the Licensee a written report showing actual disbursements made of the funds provided pursuant to this Renewal License to the Issuing Authority, its designee or the designated Access Provider(s) pursuant to Article 6 herein.

(b) If upon review of the report, the Licensee finds that any use of the funds has been inappropriate, the Licensee may submit a written request for a hearing before the Issuing Authority. After such hearing, the Issuing Authority shall submit a written response to the Licensee stating its assessment of the use of funds. If the Issuing Authority and Licensee agree

that funds have not been used appropriately, the Issuing Authority shall take the necessary measures to better assure future funds are expended appropriately.

(c) If upon receipt of a subsequent report, the Licensee believes that the use of funds again has not been appropriate, the Licensee may, in writing, request another hearing before the Issuing Authority. Providing the Issuing Authority finds in accordance with the Licensee's beliefs, the Issuing Authority shall take appropriate action(s) to put safeguards in place for the appropriate use of the funds.

SECTION 6.8 – INTERCONNECTION WITH COMPETING CABLE LICENSE

In the event a license is issued by the Issuing Authority to a competing licensee, the Issuing Authority shall not authorize or require the competing licensee to connect its facilities or cable system to Licensee's current Cable System for purposes of obtaining PEG Access Programming from the Licensee's PEG Access Channels without the prior written consent of Licensee.

SECTION 6.9 – PEG ACCESS COSTS

There shall be no charges by the Licensee to the Town, its designees(s), including the Access Provider or PEG Access Users for PEG Access, including the use of the PEG Access Channels.

ARTICLE 7

Pursuant to Massachusetts General Laws Chapter 166A, Section 9, the Licensee shall pay to the Town, throughout the term of this Renewal License, a License Fee equal to fifty cents (\$.50) per Subscriber per year, or such other amount as may in the future be allowed pursuant to state and/or federal law. The number of Subscribers, for purposes of this Section 7.1, shall be calculated in compliance with applicable law(s).

SECTION 7.2 – FRANCHISE FEE

In accordance with Section 622(b) of the Cable Act, the Licensee shall not be liable for a total Franchise Fee pursuant to this Renewal License and applicable law in excess of five percent (5%) of Gross Annual Revenues. Said five percent (5%) shall include the following: (i) the PEG Access Annual Support pursuant to Section 6.4, above; and (ii) any License Fee(s) that may be payable to the Town and to the State pursuant to Massachusetts General Laws Chapter 166A, Section 9, and Section 7.1 above, provided, however, that said five percent (5%) shall not include the capital payments, including PEG Capital Percentage Funding pursuant to Section 6.5, VRL construction costs pursuant to Section 3.9 above, and any other exclusions to the definition of Franchise Fee provided in Section 622(g)(2) of the Cable Act.

SECTION 7.3 – PAYMENT

SECTION 7.4 – OTHER PAYMENT OBLIGATIONS AND EXCLUSIONS

(a) The Franchise Fee and License Fee payments shall be in addition to and shall not constitute an offset or credit against any and all taxes or other fees or charges of general applicability which Licensee or any Affiliated Person shall be required to pay to the Town, or to any State or federal agency or authority, as required herein or by law; the payment of said taxes, fees or charges shall not constitute a credit or offset against the Franchise Fee and License Fee payments which shall be a separate and distinct obligation of the Licensee and each Affiliated Person. The Licensee herein agrees that no such taxes, fees or charges of general applicability shall be used as offsets or credits against the Franchise Fee or License Fee payments.

(b) In accordance with Section 622(h) of the Cable Act, nothing in the Cable Act or this Renewal License shall be construed to limit the authority of the Issuing Authority to impose a tax, fee or other assessment of any kind on any Person (other than the Licensee) with respect to Cable Service provided by such Person over the Cable System for which charges are assessed to Subscribers but not received by the Licensee. For any twelve (12) month period, the fees paid by such Person with respect to any such Cable Service or any other communications service shall not exceed five percent (5%) of such Person's gross revenues derived in such period from the provision of such service over the Cable System.

In the event that the payments required pursuant to this Article 7 are not tendered to the Town on or before the dates fixed herein by or pursuant to Section 7.3 above or applicable law, interest due on such fee payment shall accrue from the date due at the rate of two percent (2%) above the Prime Rate.

SECTION 7.6 – RECOMPUTATION

(a) Tender or acceptance of any payment, including any payment of a Franchise Fee or License Fee or any payment required in Article 6 of this Renewal License shall not be construed

as an accord that the amount paid is correct, nor shall such acceptance of payment be construed as a release of any claim that the Issuing Authority may have for additional sums including interest payable under Article 6 or Article 7. All amounts paid shall be subject to audit and recomputation by the Issuing Authority, and shall occur in no event later than two (2) years after the subject payment has been tendered.

(b) If the Issuing Authority reasonably believes that any such payments are incorrect, the Licensee shall have thirty (30) business days after a written notice from the Issuing Authority to provide the Town with additional information documenting and verifying the accuracy of any such payment(s). In the event that the Issuing Authority does not reasonably believe that such documentation supports the accuracy of such payment(s), the Issuing Authority may conduct an audit of such payment at its sole expense. If, after such audit and recomputation an additional fee is owed to the Town and/or its designee, such fee, including interest payable under Article 6 or Article 7, shall be paid within thirty (30) days after such audit and recomputation.

SECTION 7.7 – AFFILIATES USE OF SYSTEM

Use of the Cable System by Affiliates shall be in compliance with applicable state and/or federal laws, and shall not detract from the provisions of this Renewal License.

FCC CUSTOMER SERVICE OBLIGATIONS

**TITLE 47--TELECOMMUNICATION
CHAPTER I--FEDERAL COMMUNICATIONS COMMISSION**

PART 76--CABLE TELEVISION SERVICE

Subpart H--General Operating Requirements

Sec. 76.309 Customer Service Obligations

(a) A cable franchise authority may enforce the customer service standards set forth in paragraph (c) of this Section against cable operators. The franchise authority must provide affected cable operators ninety (90) days written notice of its intent to enforce the standards. (b) Nothing in this rule should be construed to prevent or prohibit:

(1) A franchising authority and a cable operator from agreeing to customer service requirements that exceed the standards set forth in paragraph (c) of this Section;

(2) A franchising authority from enforcing, through the end of the franchise term, pre-existing customer service requirements that exceed the standards set forth in paragraph (c) of this Section and are contained in current franchise agreements;

(3) Any State or any franchising authority from enacting or enforcing any consumer protection law, to the extent not specifically preempted herein; or

(4) The establishment or enforcement of any State or municipal law or regulation concerning customer service that imposes customer service requirements that exceed, or address matters not addressed by the standards set forth in paragraph (c) of this Section.

(c) Effective July 1, 1993, a cable operator shall be subject to the following customer service standards:

(1) Cable system office hours and telephone availability--

(i) The cable operator will maintain a local, toll-free or collect call telephone access line which will be available to its subscribers 24 hours a day, seven days a week.

(A) Trained company representatives will be available to respond to customer telephone inquiries during normal business hours.

(B) After normal business hours, the access line may be answered by a service or an automated response system, including an answering Machine. Inquiries received after normal business hours must be responded to by a trained company representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis.

(iii) The operator will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(iv) Under normal operating conditions, the customer will receive a busy signal less than three (3) percent of the time.

(v) Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

(2) Installations, outages and service calls. Under normal operating conditions, each of the following four standards will be met no less than ninety-five (95) percent of the time measured on a quarterly basis:

(i) Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those that are located up to 125 feet from the existing distribution system.

(ii) Excluding conditions beyond the control of the operator, the cable operator will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption becomes Known. The cable operator must begin actions to correct other service problems the next business day after notification of the service problem.

(iii) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four-hour time block during normal business hours. (The operator may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.)

(iv) An operator may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment.

(v) If a cable operator representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time that is convenient for the customer.

(3) Communications between cable operators and cable subscribers--

(i) Notifications to subscribers--

(A) The cable operator shall provide written information on each of the following areas at the time of installation of service, at least annually to all subscribers, and at any time upon request:

(1) Products and services offered;

(2) Prices and options for programming services and conditions of subscription to programming and other services;

(3) Installation and service maintenance policies;

(4) Instructions on how to use the cable service;

(5) Channel positions programming carried on the system; and,

(6) Billing and complaint procedures, including the address and telephone number of the local franchise authority's cable office.

(B) Customers will be notified of any changes in rates, programming services or channel positions as soon as possible in writing. Notice must be given to subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of the cable operator. In addition, the cable operator shall notify subscribers thirty (30) days in advance of any significant changes in the other information required by paragraph (c)(3)(i)(A) of this Section. Notwithstanding any other provision of Part 76, a cable operator shall not be required to provide prior notice of any rate change that is the result of a regulatory fee, franchise fee, or any other fee, tax, assessment, or charge of any kind imposed by any Federal agency, State, or franchising authority on the transaction between the operator and the subscriber.

(ii) Billing--

(A) Bills will be clear, concise and understandable. Bills must be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Bills will also clearly delineate all activity during the billing period, including optional charges, rebates and credits.

(B) In case of a billing dispute, the cable operator must respond to a written complaint from a subscriber within 30 days.

(iii) Refunds--Refund checks will be issued promptly, but no later than either--

(A) The customer's next billing cycle following resolution of the request or thirty (30) days, whichever is earlier, or

(B) The return of the equipment supplied by the cable operator if service is terminated.

(iv) Credits--Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

(4) Definitions--

(i) Normal business hours--The term "normal business hours" means those hours during which most similar businesses in the community are open to serve customers. In all cases, "normal business hours" must include some evening hours at least one night per week and/or some weekend hours.

(ii) Normal operating conditions--The term "normal operating conditions" means those service conditions which are within the control of the cable operator. (iii) Service interruption--The term "service interruption" means the loss of picture or sound on one or more cable

BILLING AND TERMINATION OF SERVICE

207 CMR 10.00

10.01: Billing Practices Notice

- (1) Every cable television operator shall give written notice of its billing practices to potential subscribers before a subscription agreement is reached. Such notice shall include practices relating to the frequency and timing of bills, payment requirements necessary to avoid account delinquency, billing dispute resolution procedures and late payment penalties.
- (2) A copy of the cable television operator's billing practices notice, work order and sample subscriber bill shall be filed by March 15th of each year with the Commission, the issuing authority, and the company's local office, where they shall be available for public inspection. If an operator amends its billing practices notice, work order or subscriber bill after submitting the annual filing, it shall file copies of the amendments with the Commission, the issuing authority and the company's local office.
- (3) At least 30 days prior to implementing a change of one of its billing practices, the cable television operator shall notify in writing the Commission, the issuing authority and all affected subscribers of the change and include a description of the changed practice.
- (4) Statements about billing practices in work orders, marketing, materials and other documents shall be consistent with the billing practices notice.

10.02: Services, Rates and Charges Notice

- (1) The cable television operator shall give notice of its services, rates and charges to potential subscribers before a subscription agreement is reached.
- (2) At least 30 days prior to implementing an increase in one of its rates or charges or a substantial change in the number or type of programming services, the operator shall notify, in writing, the Commission, the issuing authority and all affected subscribers of the change and include a description of the increased rate or charge. The notice shall list the old and new rate or charge and, if applicable, the old and new programming services provided.
- (3) Every cable television operator shall fully disclose in writing all of its programming services and rates, upon request from a subscriber.
- (4) Every cable television operator shall fully disclose in writing all of its charges for installation, disconnection, downgrades and upgrades, reconnection, additional outlets, and rental, purchase and/or replacement due to damage or theft of equipment or devices used in relation to cable services, upon request from a subscriber.
- (5) Every cable television operator shall provide written notice of the charge, if any, for service visits and under what circumstances such charge will be imposed, upon request from a subscriber.
- (6) A copy of the cable operator's programming services, rates and charges shall be filed by March 15th of each year with the Commission, the issuing authority and the company's local office where it shall be made available for public inspection. If an operator amends its notice after the annual filing, it shall file a copy of the amendment with the Commission, the issuing authority and the company's local office.
- (7) A cable operator shall not charge a subscriber for any service or equipment that the subscriber has not affirmatively requested by name. This provision, however, shall not preclude the addition or deletion of a specific program from a service offering, the addition or deletion of specific channels from an existing tier of service, or the restructuring or division of existing tiers of service that do not result in a fundamental change in the nature of an existing service or tier of service.

10.03: Form of Bill

- (1) The bill shall contain the following information in clear, concise and understandable language and format:
- (a) The name, local address and telephone number of the cable television operator. The telephone number shall be displayed in a conspicuous location on the bill and shall be accompanied by a statement that the subscriber may call this number with any questions or complaints about the bill or to obtain a description of the subscriber's rights under 207 CMR 10.07 in the event of a billing dispute;

- (b) the period of time over which each chargeable service is billed including prorated periods as a result of establishment and termination of service;
 - (c) the dates on which individually chargeable services were rendered or any applicable credits were applied;
 - (d) separate itemization of each rate or charge levied or credit applied, including, but not be limited to, basic, premium service and equipment charges, as well as any unit, pay-per-view or per item charges;
 - (e) the amount of the bill for the current billing period, separate from any prior balance due;
 - (f) The date on which payment is due from the subscriber.
- (2) Cable operators may identify as a separate line item of each regular subscriber bill the following:
- (a) The amount of the total bill assessed as a franchise fee and the identity of the franchising authority to whom the fee is paid;
 - (b) The amount of the total bill assessed to satisfy any requirements imposed on the cable operator by the franchise agreement to support public, educational, or governmental channels or the use of such channels;
 - (c) The amount of any other fee, tax, assessment, or charge of any kind imposed by any governmental authority on the transaction between the operator and the subscriber. In order for a governmental fee or assessment to be separately identified under 207 CMR 10.03, it must be directly imposed by a governmental body on a transaction between a subscriber and an operator.
- (3) All itemized costs shall be direct and verifiable. Each cable operator shall maintain a document in its public file which shall be available upon request, that provides the accounting justification for all itemized costs appearing on the bill.

10.04: Advance Billing and Issuance of Bill

- (1) In the absence of a license provision further limiting the period of advance billing, a cable operator may, under uniform nondiscriminatory terms and conditions, require payment not more than two months prior to the last day of a service period.
- (2) A cable subscriber may voluntarily offer and a cable operator may accept advance payments for periods greater than two months.
- (3) Upon request, a cable television operator shall provide subscribers with a written statement of account for each billing period and a final bill at the time of disconnection.

10.05: Billing Due Dates, Delinquency, Late Charges and Termination of Service

- (1) Subscriber payment is due on the due date marked on the bill, which shall be a date certain and in no case a statement that the bill is due upon receipt. The due date shall not be less than five business days following the mailing date of the bill.
- (2) A subscriber account shall not be considered delinquent unless payment has not been received by the company at least 30 days after the bill due date.
- (3) The following provisions shall apply to the imposition of late charges on subscribers:
 - (a) A cable television operator shall not impose a late charge on a subscriber unless a subscriber is delinquent, the operator has given the subscriber a written late charge notice in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the date of delinquency to pay the balance due.
 - (b) A charge of not more than 5 percent of the balance due may be imposed as a one-time late charge.
 - (c) No late charge may be assessed on the amount of a bill in dispute.
- (4) A cable television operator shall not terminate a subscriber's service unless the subscriber is delinquent, the cable operator has given the subscriber a separate written notice of termination in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the mailing of the notice of termination to pay the balance due. A notice of termination shall not be mailed to subscribers until after the date of delinquency.
- (5) A cable television operator shall not assess a late charge on a bill or discontinue a subscriber's cable television service solely because of the nonpayment of the disputed portion of a bill during the period established by 207 CMR 10.07 for registration of a complaint with the operator or during the process of a dispute resolution mechanism recognized under 207 CMR 10.07.
- (6) Any charge for returned checks shall be reasonably related to the costs incurred by the cable company in processing such checks.

10.06: Charges for Disconnection or Downgrading of Service

- (1) A cable television operator may impose a charge reasonably related to the cost incurred for a downgrade of service, except that no such charge may be imposed when:
 - (a) A subscriber requests total disconnection from cable service; or
 - (b) A subscriber requests the downgrade within the 30 day period following the notice of a rate increase or a substantial change in the number or type of programming services relative to the service (s) in question.

- (2) If a subscriber requests disconnection from cable television service prior to the effective date of an increase in rates, the subscriber shall not be charged the increased rate if the cable television operator fails to disconnect service prior to the effective date. Any subscriber who has paid in advance for the next billing period and who requests disconnection from service shall receive a prorated refund of any amounts paid in advance.

10.07: Billing Disputes

- (1) Every cable television operator shall establish procedures for prompt investigation of any billing dispute registered by a subscriber. The procedure shall provide at least 30 days from the due date of the bill for the subscriber to register a complaint. The cable television operator shall notify the subscriber of the result of its investigation and give an explanation for its decision within 30 working days of receipt of the complaint.
- (2) The subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails to pay the undisputed balance within 30 days.
- (3) Any subscriber in disagreement with the results of the cable television operator's investigation shall promptly inquire about and take advantage of any complaint resolution mechanism, formal or informal, available under the license or through the issuing authority before the Commission may accept a petition filed under 207 CMR 10.07(4).
- (4) The subscriber or the cable television operator may petition the Commission to resolve disputed matters within 30 days of any final action. Final action under 207 CMR 10.07(3) shall be deemed to have occurred 30 days after the filing of a complaint.
- (5) Upon receipt of a petition, the Commission may proceed to resolve the dispute if all parties agree to submit the dispute to the Commission and be bound by the Commission's decision and the Commission obtains a statement signed by the parties indicating that agreement. In resolving the dispute, the Commission may receive either written or oral statements from the parties, and may conduct its own investigation. The Commission shall then issue a decision based on the record and the parties shall receive written notification of the decision and a statement of reasons therefor.

10.08: Security Deposits

- (1) A cable operator shall not require from any cable subscriber a security deposit for converters or other equipment in excess of the cost of the equipment.
- (2) The cable operator shall pay interest to the cable subscriber at a rate of 7% per year for any deposit held for six months or more, and such interest shall accrue from the date the deposit is made by the cable subscriber. Interest shall be paid annually by the cable operator to the cable subscriber, either as a direct payment or as a credit to the cable subscriber's account.
- (3) Within 30 days after the return of the converter or other equipment, the cable operator shall return the security deposit plus any accrued interest to the cable subscriber, either as a direct payment or as a credit to the cable subscriber's account.
