In accordance with 310 CMR 16.10(4) you must provide public notice that the site suitability application has been filed with the Holbrook Board of Health. You must notify all parties identified at 310 CMR 16.08(2) and abutters to the site by certified mail. In addition you must publish a Public Notice in at least one newspaper that has general circulation within the Town of Holbrook and in the Massachusetts Environmental Policy Act (MEPA) Monitor. If the Town of Holbrook has a population of greater than 15% of residents who do not speak English as their primary language, then you must publish an additional notice in a daily or weekly newspaper(s) circulated in that community written in the primary language(s) of these residents. A sample public notice advertisement format is enclosed for your use. Please note that MassDEP has added a MassDEP e-mail address for receipt of Public Comments. All comments received will be provided to you at the end of the Public Comment period.

MassDEP's Review Period shall commence when you have provided proof that the Public Notice requirement as set forth in 310 CMR 16.10(4) has been satisfied. Proof may be the form of a copy of the public notice in the publication. In addition you should submit a current certified abutters list from the Town of Holbrook, copies of all certified mail receipts, and a copy of the notice in the MEPA Monitor.

MassDEP will accept written comments from all interested persons for a period of twenty-one (21) days following receipt of proof of publication of the notice and commencement of the Review Period. Please be advised that comments received by MassDEP during the public comment period could require that additional information be submitted and/or the application be modified. Pursuant to 310 CMR 16.11(3)(a), during the initial 40 days of the Review Period, you may modify the application provided that said modifications, when taken in their totality, do not constitute a major modification. In addition, MassDEP may require you to provide additional information as MassDEP deems necessary to fully evaluate if the site is suitable.

Pursuant to the provisions of 310 CMR 4.04, MassDEP is provided a total of sixty (60) days following receipt of proof of publication of the notice to perform a technical review of the application and issue a decision regarding the suitability of the site.
