SPECIAL MASTER'S WEEKLY REPORT

Pursuant to the Supreme Judicial Court's April 3, 2020 Opinion and Order in this matter, as amended on April 10, April 28 and June 23, 2020 (the "Order"), the attached Appendix contains the Special Master's weekly report for the period ending July 22, 2020.

The Appendix contains charts reflecting the following information for each of the correctional facilities administered by the Department of Correction and each of the county Sheriffs' offices: (i) overall inmate population; (ii) the number of COVID-19 tests administered by the correctional facilities for all inmates, correctional officers, or other staff members, including contractors; (iii) the number of confirmed positive COVID-19 cases for all inmates, correctional officers, or other staff members, including contractors; and (iv) the number of inmates released pursuant to the procedures or guidance set forth in the Order since April 3, 2020. Any figures presented in red in the attached Appendix reflect amendments or corrections to figures in a prior Special Master's Weekly Report.

As noted in the July 17 Special Master's Weekly Report, the Special Master has identified a number of discrepancies in the figures recently reported by the County Jails and Houses of Correction for the cumulative number of COVID-19 tests administered and the cumulative number of COVID-19 positive tests. The Special Master is continuing to work with the County Sheriffs to identify the discrepancies in their reporting, but many of these issues remain unresolved. The Special Master will identify any amended figures in a future weekly report.

As of July 22, 2,567 inmates have been released from state and county correctional facilities.

Dated: July 23, 2020

^Population totals in county jail reporting charts represented figures as of last day of reporting period.

*Because correctional officers and staff generally receive testing and treatment from their personal physicians or some other outside healthcare provider, the confirmed positive cases consist of those correctional officers or staff that have reported that information to the county jails.

Weekly Report for DOC/Parole Board

^Population totals in DOC reporting charts represented figures as of last day of reporting period.

*Because correctional officers and staff generally receive testing and treatment from their personal physicians or some other outside healthcare provider, the confirmed positive cases consist of those correctional officers or staff that have reported that information to the DOC.

**Although these inmates have been approved for medical parole, an inmate will only be approved for release from DOC custody once the Parole Board has approved the inmate's home plan. In addition, the Special Master has been working with DOC, the Parole Board, and CPCS to facilitate the finalization of release plans and the process for considering inmates who may be eligible for medical parole, but for whom a medical petition has not been filed.

***Certain figures in this column have been adjusted from DOC's daily reports to the Special Master to reflect only the number of positive cases, rather than adjusting the number of cases to account for individuals who have recovered.
