Agenda

- Review draft meeting minutes of October 22, 2020
- State agency updates
- Release plan for Reports
- IAC discussion of 2021 workplan
- Other IAC business
- Public comment
- Adjourn

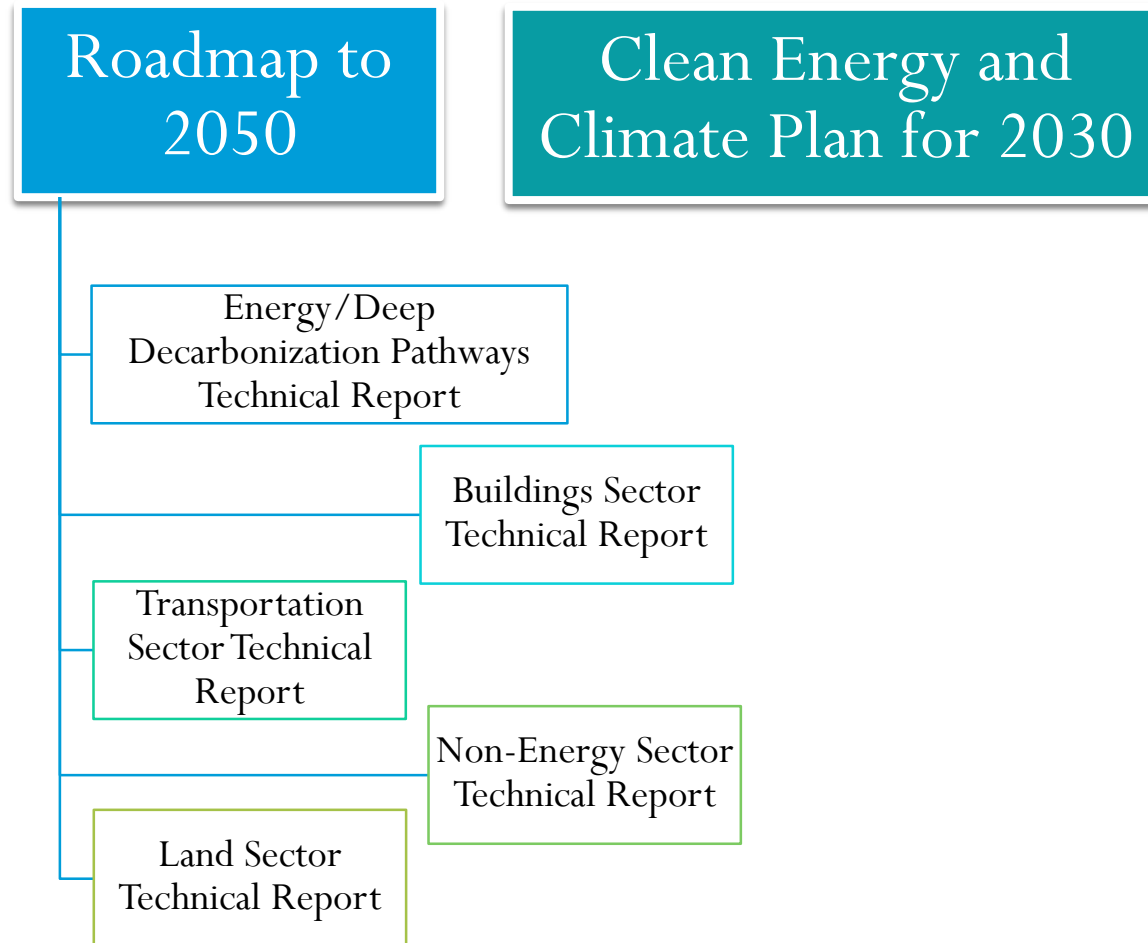

Reminder of the Different Reports

2050 Roadmap synthesis report

- Synthesizes major transformations needed in each sector and across sectors to enable climate policy development and frame needs for continued research/activities to ensure net-zero emissions by 2050.

Technical reports/Appendices

- Catalogues the methodology, assumptions/rationale, findings, and information critical to decarbonizing each sector.
- Deep dive on sector-specific findings; points to synergies with other sectors but does not show the full picture of decarbonization economy-wide.

2030 CECF

- Provides details on the specifics of what will happen in the 2020s to ensure MA achieves its 2030 emissions limit in a manner that is consistent with the findings in the 2050 Roadmap.

Release Plan for Reports

December 2020

- Publish MA 2050 Decarbonization Roadmap Report (with 5 Sector Technical Appendices)
- Release draft Clean Energy and Climate Plan for 2030

Winter 2021

- Public Comment Period on the draft Clean Energy and Climate Plan for 2030

Spring 2021

- Finalize and publish Clean Energy and Climate Plan for 2030

Stakeholder Engagement & Public Process – 2050 Roadmap & 2030 CECP

PRE-RELEASE PHASE:

Nov. & Early Dec.

1. Virtual meetings with key stakeholders on 2050 Roadmap findings
2. Public webinar on the 2050 Roadmap process and upcoming 2030 CECP engagement process

2050 ROADMAP PHASE:

Mid-Dec. & Early Jan.

3. *After 2050 Roadmap is published:*
 - (a) Recorded/posted slide presentation of key take-aways as published in the Roadmap Report
 - In English + translated voice over versions (Spanish, Portuguese, Chinese, possibly more)
 - (b) At least one live webinar presentation of same + public Q&A session (interpretation available)
 - (c) Online portal for submission of questions and comments.

DRAFT 2030 CECP PHASE:

Jan. & Feb. 2021

4. *After DRAFT 2030 CECP is released in December 2020:*
 - (a) Recorded/posted slide presentation of key policy proposals in DRAFT CECP
 - In English + translated voice over versions (Spanish, Portuguese, Chinese, possibly more)
 - (b) At least one live webinar presentation of same + public Q&A session (interpretation available)
 - (c) Online portal, email, and voicemail for submission of questions and comments.
 - (d) Targeted virtual meeting outreach to key under-represented groups as needed

Suggestions for IAC 2021 Work Plan

- 1-2 IAC meetings in 2021 on the IAC's comments and submitted public comments on the Draft 2030 CECP
- Others? (*NOTE: Suggestions were added below as brought up by IAC members during the meeting*)
 - Funding sources & where to put investments
 - Help craft Federal funding?
 - Infrastructure planning & citing for clean energy & transportation
 - Carbon storage & sequestration data & plan
 - NZ goal: off-sets pros and cons, dialogue with NGOs, avoid unintended consequences
 - Keep eye on DPU docket 20-80
 - Help craft Regional collaboration with other states (OSW, EV, etc.)
 - Buildings trades & real estate engagement
 - Policy implementation & accountability
 - Process: State agency coordination on policy planning/implementation
 - Policy progress tracking & provide feedback (continuous improvement)
 - Equitable access & EJ issues
 - Use IAC and IAC WGs to de-silo policy recommendations and discussions
 - Cost-effectiveness of policy solutions, particularly in the buildings sector
 - Address gaps in existing policies/programs, innovations
