Documentation requirements for Small Systems (≤ 25 kW AC)	Required with Incentive Application Submission	Required with Incentive Claim Validation Request
Copy of executed contract between installer and customer	✓	
If applicable, copy of executed Power Purchase Agreement / Lease if the system is third-party owned	✓	
Customer Disclosure Form	✓	
Copy of customer electric utility bill no older than 3 months of application submittal date  • If new construction with no existing bill, provide documentation of customer's annual load estimate (and alternative documentation for minimum savings	<b>√</b>	
requirement if third-party owned)  If applicable, documentation of low-income eligibility  • Utility discount rate  • Low Income Eligible Area  • Enrollment in needs-based program  • Solar for All participant  • Self-attestation form	<b>√</b>	
Certification form regarding terms & conditions (this will be electronically signed online)	<b>√</b>	
Application fee (payable online via credit card)	✓	
Evidence of no construction prior to June 20, 2025 (only applicable until 12/31/26)	<b>√</b>	
Evidence of utility authorization to interconnect and permission to operate (ATI email from electric provider)		<b>✓</b>
If applicable, projects that submitted an application without a bill must provide a bill showing account number, address and utility rate code at time of claim submittal		<b>√</b>
If applicable (Ngrid BTM or Unitil BTM/Standalone systems), Evidence of Production Meter having been installed (Ngrid/Unitil Generation Meter Install email)		<b>√</b>
If applicable (Ngrid Standalone systems), Evidence of asset registration (Asset Registration email)		✓
Renewable Energy Certificate Assignment and Aggregation Form (BTM systems only)		<b>√</b>
Signed W-9		<b>√</b>
ACH electronic payment authorization form (Ngrid only)		✓

Payment Credit Form, including, if applicable, Payment Credit Transfer Form list of desired allocatees (Ngrid and Unitil only) If applicable, Schedule Z (Net Metering Service Form) If applicable, AOBC form		✓ ✓
Documentation requirements for Large Systems (> 25 kW AC but ≤ 5,000 kW AC)	Required with Incentive Application Submission	Required with Incentive Claim Validation Request
Copy of valid, executed, in-force Interconnection Services Agreement (optional for Public Entity, Brownfield, and Landfill projects) If applicable, proof of agreement with EDC for phased interconnection	<b>√</b>	
BTM projects must submit a copy of customer electric utility bill no older than 3 months of application submittal date *If applicable, Eversource BTM projects requesting new service may submit applications without a bill	✓	
Evidence of site control	✓	
All non-ministerial permits that may be applicable. These may include but are not limited to the following:  • ZBA rulings, Conservation Commission votes, etc.  • Landfill or Brownfield permits or certifications  • MA Dept. of Environmental Protection, MA Fish & Game, MA Dept. of Agricultural Resources, etc.	<b>√</b>	
Any Solar Tariff Generation Unit (STGU) seeking an Adder will be required to provide supporting documentation:  • Canopy, Building Mount, Raised Racking Adder:	✓	
<ul> <li>Plans and/or specifications</li> <li>Energy Storage: An executed ISA inclusive of storage, energy storage specification data sheet, inverter efficiency factor if DC-coupled</li> <li>Pollinator: Minimum of Silver Certification from University of Massachusetts Clean Energy Extension Pollinator-Friendly Certification Program</li> <li>Solar Tracker: Plans &amp; specifications</li> <li>Public Entity: Evidence that a Municipality or Other Governmental Entity has awarded a contract to develop an STGU</li> </ul>		

	T	
Low Income Property: Executed agreement with		
eligible property, Pre-determination letter (optional)		
• Brownfield, ASTGU, Floating: DOER Pre-		
determination letter		
CSS through Municipal Aggregation: DOER Pre-		
determination letter, MassDPU approval letter		
CSS through EDC program: EDC notification of		
selection		
Landfill: MassDEP Post-closure Use Permit		
If applicable (for 1 MW and larger), PURPA Requirements	<b>√</b>	
indicating FERC QF filing		
Siting documentation:	✓	
Not in Wetland Resource Area (unless authorization		
from regulatory body		
<ul> <li>Not on property in State Register (unless authorization</li> </ul>		
from regulatory body)		
<ul> <li>Not on Article 97 land (unless qualifying for Locational Adder)</li> </ul>		
Land use documentation for all ground mounted projects >250 kW AC:	•	
Evidence supporting Previously Developed, if		
applicable		
No Core Habitat overlap		
• No more than 10% overlap with highest forest carbon		
areas		
If applicable, documentation for Mitigation Fee calculation:	✓	
Carbon storage		
Ecological integrity		
Agricultural potential		
Critical landscape		
Geographical distribution		
If applicable, report from first Environmental Monitor site	✓	
visit		
Professional Engineer stamped One-Line Diagram	<b>✓</b>	
Certification form regarding terms & conditions (this will be	<b>√</b>	
electronically signed online)		
Evidence of no construction prior to June 20, 2025 (only	✓	
applicable until 12/31/26)		
No construction prior to July 1, 2024 for Low Income		
Properties		
1100011100		

Documentation requirements for Large Systems (> 25 kW AC but ≤ 5,000 kW AC), Continued	Required with Incentive Application Submission	Required with Incentive Claim Validation Request
Evidence of utility authorization to interconnect and		<b>✓</b>
permission to operate (ATI email from electric provider)		
If applicable, fully executed ISA for Public Entity, Brownfield, or Landfill projects		<b>✓</b>
If applicable, fully executed Right to Construct for Public Entity projects		<b>√</b>
If applicable, most recent agricultural plan for ASTGUs		✓
If applicable, Eversource BTM and SA projects that have not received a bill at the time of claim filing can submit their claim without documentation showing account number		<b>√</b>
If applicable, Ngrid BTM or Unitil BTM/Standalone systems, Evidence of Production Meter having been installed (Ngrid/Unitil Generation Meter Install email)		<b>√</b>
If applicable, Ngrid Standalone systems, Evidence of asset registration (Asset Registration email)		<b>√</b>
If applicable, report from final Environmental Monitor site visit		<b>√</b>
Either Renewable Energy Certificate Assignment and Aggregation Form (if applicable) or evidence of LMP authorization or Forward Certificate transfer to appropriate EDC		<b>√</b>
If applicable, AOBC/Schedule Z form for CSS off-takers		<b>✓</b>
Traditional CSS: completed disclosures for off-takers, proof of low-income eligibility for at least 40% of off-takers, completed AOBC form or Schedule Z		<b>✓</b>
CSS through Municipal Aggregation: Off-taker list (100% low-income), attestation of customer notification		<b>√</b>
CSS through EDC program: EDC to provide off-taker list, proof of customer notification		<b>√</b>
If applicable, Public Entity projects must provide proof of assignment of output to Municipalities or Other Governmental Entities		<b>✓</b>
If applicable, Low-Income Property projects must provide proof of assignment of output to approved low-income property, 20 year PPA between owner and low-income property (3 <sup>rd</sup> party owned)		<b>√</b>
Signed W-9		✓

If applicable, ACH electronic payment authorization form	<b>✓</b>
(Ngrid only)	
If applicable, copy of voided check (Ngrid only)	✓
If applicable, Payment Credit Form, including, if applicable,	✓
Payment Credit Transfer Form list of desired allocatees	
(Ngrid and Unitil only)	
If applicable, Schedule Z (Net Metering Service Form)	✓
If applicable, proof of ATI for added storage provided by	✓
electric provider
