* If your System is financed, carefully read any agreement and/or disclosure forms provided by your lender. Your installer may not be aware of the terms of your financing agreement, which may include fees not listed above. This disclosure does not contain the terms of your financing agreement. If you have any questions about your financing arrangement, contact your finance provider before signing a Contract.

**Homeowners have certain rights and protections under the Massachusetts Home Improvement Contractor Law (M.G.L. Chapter 142A). To learn more about the law visit www.mass.gov/consumer.

*** Your system is estimated to have a SMART Solar Incentive Payment of \$_____/kilowatt hour.

NOTE: A Renewable Energy Certificate (REC) represents the Environmental Attributes associated with one megawatt-hour of renewable energy as defined by Massachusetts law. RECs generated by the facilities participating in the SMART Program are transferred to the utility company in exchange for the incentive payments made to the facility owner under the program. Therefore, while you cannot claim that you are using the solar power generated by the facility, your purchase of a solar array does support solar development in Massachusetts and increase the amount of solar energy consumed by all electric ratepayers in the Commonwealth.

I, _____, hereby confirm that I have received and understand the above information. I further confirm that I have had a chance to ask questions of my provider and have received sufficient answers, if applicable.
