**Re: SMART Customer Disclosure Forms**

Dear Commissioner Judson:

Thank you for the opportunity to comment on the draft customer disclosure forms released by the Department of Energy Resources (DOER) on March 12, 2018, as part of the ongoing development of the Solar Massachusetts Renewable Target (SMART) program.

MassSolar would like to acknowledge and support the observations and recommendations made by the Solar Energy Industries Association (SEIA), Northeast Clean Energy Council (NECEC), and the Coalition for Community Shared Solar Access (CCSA).

MassSolar is appreciative of the efforts made by the Department regarding these forms, and we hope the recommendations provided by SEIA, NECEC and CCSA and supported by MassSolar will help to refine and improve the disclosure forms prior to their finalization. MassSolar looks forward to working with DOER and other solar industry partners and customers to ensure that the disclosure forms will best serve Massachusetts customers and the Commonwealth's solar industry.

Best regards,

Mark Sandeen  
President, MassSolar
