118 FOREST AVE
COHASSET, MA 02025

May 11, 2020

Dear Massachusetts Department of Energy Resources,

Solar installations should go on roofs, over parking lots like the one at West Hingham on the MBTA Greenbush Line, over capped town landfills as in Cohasset, etc.

There are many locations such as these, Cutting forests to locate Solar installations is a terrible idea.

Thank you for the opportunity to comment on the Department's SMART emergency regulations.

Sincerely,
Peter Sexton
