At this remotely held public meeting, the DCR team for this project will present the near final design of a fully accessible, shared use 10-foot-wide paved pathway, with a side path to accommodate equestrians. This project's total length is approximately 6 miles, from the Connecticut State line and the 55-mile Airline Trail through Douglas State Forest to Depot Street Trailhead near the Uxbridge line.

If you need assistance when registering, please contact Daniel.Cushing@mass.gov. After the presentation, the public will be invited to ask questions and provide feedback on the proposed design, using the raise hand and chat functionality that will be available through the virtual participation platform.

After the meeting, the presentation will be available for viewing at <https://www.mass.gov/dcr/past-public-meetings>. DCR encourages the public to share additional feedback, with a deadline for receipt of comments by DCR of Wednesday, December 28th, 2021.
