# Overview

## Project Location

# Overview

## Beyond Mobility Highlights

- Project will replace deteriorated pavement on Interstate 195 in Somerset and Swansea supporting **Reliability**
- Resurfacing will improve pavement serviceability and roadway conditions which supports **Safety** and **Travel Experience**

Existing conditions of deteriorated pavement, guardrail and overgrown vegetation

# Scope of Services

## Pavement Work:

- milling and resurfacing the existing Interstate (I-195) mainline and on- and off-ramps within the project limits for approximately 7 miles.

## Secondary Maintenance:

- **Upgrade Safety Hardware:** replacement of existing damaged or substandard guardrail
- **Drainage system cleaning and repair:** adjustment of existing drainage structures and installation of secured castings; cleaning of existing drainage structures, pipes, and outfalls
- **Bridge maintenance:** bridge deck repairs and bridge joint replacement
- **Vegetation management**

# Construction Management Approach

- The proposed schedule includes nighttime operations between 9:00 PM and 5:00 AM, Sunday evening through Friday morning for an 8-hour day, 5-day week.
- Lane shifting will have minor impacts to the overall traffic pattern with one lane of traffic maintained at all times in each direction.
- Construction will take approximately two construction years to complete.

# Procurement and Budget
