				The LRTA requests \$100,000 100% RTACAP for upgrading its parking system at the Gallagher Intermodal Transportation Center (GITC). This project is currently included in our 24-28 CIP request in FY2024 as project ID# RTD0010696 for \$250,000, but our estimate came in lower and the project can be completed this Fiscal Year. Our current pay-on-entrance parking system is ~20 years old, and allows for

Adjustment	Description	cash only daily rates or monthly passes. The Transit Oriented Development Thorndike Exchange building adjacent to the GITC via the pedestrian bridge, along with several new developments going up in the surrounding neighborhood has driven demand for short term parking options in our Garage. The upgraded system will give customers flexible short or long term rates as well as payment options, and will enable to the LRTA to have better revenue control with a pay-on-exit system. Security controls will also improve with upgraded equipment allowing for remote access to the gates and quicker gate release during emergencies/outages. Project will also include safety features such as LED lighting for gates and audible warning for pedestrians when cars are exiting.	Lowell - Parking System Upgrade at GITC	01/14/2023
