

Stores that sell Encapsulants approved for use in Massachusetts

In Massachusetts, only the products tested by David Litter Laboratories and approved by the Childhood Lead Poisoning Prevention Program (CLPPP) can be used to delead. These products have this seal on them:

Note to consumers: It is recommended that you contact the store to be sure they still carry the product listed. You must get authorized by CLPPP before applying encapsulants.

Note to stores: If you would like to be added or removed from this list, please contact CLPPP.

For more information, call CLPPP at 1-800-532-9571.
