## Notice to Commercial Striped Bass Fishermen

The Marine Fisheries Advisory Commission (MFAC) approved a June 14, 2022 control date for the commercial striped bass fishery. This replaces the prior control date of September 13, 2013. Any fisherman who did not hold their regulated striped bass permit prior to June 14, 2022 may be subject to future management actions including but not limited to different bag limits and limited entry. Notice will be sent if the Division of Marine Fisheries and the MFAC feel a need to utilize the control date in future management actions.

Please complete, sign, and return this form in the enclosed envelope along with:

- Your completed and signed commercial permit application endorsed for striped bass,
- Your fee (in addition to commercial permit fee, endorsement fee is \$30 for Massachusetts residents and \$60 for non-residents), made payable to the Commonwealth of Massachusetts.

I hereby certify that I have read and understand the above information on the control date for the commercial striped bass fishery.
