RESPONSE TO COMMENTS**MA Permit No. MA0040207****Chang Farms****Whately, Massachusetts**

The Massachusetts Department of Environmental Protection (MassDEP or the “Department”) is issuing a Surface Water Discharge (SWD) Permit to Chang Farms (the Permittee) for the facility located in Whately, Massachusetts. The permit is being issued under the Massachusetts Clean Waters Act, as amended (M.G.L. Chap. 21, §§ 26 - 53) and the implementing regulations at 314 CMR 3.00 and 4.00.

In accordance with the provisions of 314 CMR 2.09, MassDEP is obligated to prepare a Response to Comments received on the draft SWD Permit No. MA0040207 (the “Draft Permit”) and the draft Water Quality Certificate (the “Draft WQC”). The Response to Comments explains and supports MassDEP’s determinations that form the basis of the final permit and the final WQC. From November 9, 2021 through December 8, 2021, MassDEP solicited public comments on the Draft Permit for the reissuance of a permit to discharge treated process and irrigation water from Outfall Serial Number 001 to the Connecticut River and the associated Draft WQC.

During the public comment period for the draft NPDES permit (November 9, 2021 through December 8, 2021), EPA received comments from:

1. Andrea Donlon, Connecticut River Conservancy, dated December 7, 2021

During the public comment period for the draft SWD Permit, MassDEP received comments from:

1. Andrea Donlon, Connecticut River Conservancy, dated December 7, 2021

The comments MassDEP received from Connecticut River Conservancy are identical to those received by EPA. As it pertains to those comments, MassDEP has reviewed EPA’s Response to Comments issued concurrent with the final NPDES permit on February 23, 2022, and concurs with their responses. MassDEP hereby incorporates by reference EPA’s Response to Comments regarding CRC’s comments and is adding one additional response on the comments received (see below).

A copy of the Final Permit, WQC, and this Response to Comments document will be posted on the MassDEP website.

A copy of the Final Permit and WQC may be also obtained by writing or calling Cathy Coniaris, MassDEP, Surface Water Discharge Permitting Program, 1 Winter St., Boston, MA 02108; telephone: 617-835-6693; email: catherine.coniaris@mass.gov. MassDEP is primarily working remotely. As such, interested parties are strongly encouraged to email or call Cathy Coniaris if they wish to obtain a copy of the Final Permit or WQC.

Response to Comments on the MassDEP draft Surface Water Discharge permit

Comment 1, Andrea Donlon, Connecticut River Conservancy

PFAS testing requirements (MA permit). CRC supports quarterly testing of the effluent for PFAS compounds in the MassDEP permit, at least for the first year of the permit. It is important to understand PFAS inputs to river systems.

Response to Comment 1

MassDEP acknowledges this comment.
