Citizenship Affirmation I am a U.S. Citizen

Residency Affirmation I am a resident of the Commonwealth of Massachusetts

Statement of Intent I intend to comply with and advance the policy established by this Act.

Statement of Interest

I'm just an ordinary single mom of a teenage boy, living and working in Waltham, MA. I genuinely believe that single parents lack a voice in government, which is a shame, as so many political decisions effect us and other residents that live paycheck-to-paycheck. While I have no previous political experience, I ran my own graphic design business for 13 years, and was very involved in the Waltham Community. Whether I was coaching my son's soccer team, volunteering my design services to local organizations including Healthy Waltham or helping get local businesses (including Cafe on the Common) on social media, I enjoyed being a part of my community. I am extremely interested in joining this commission not only to help give the average person (and single parents) a voice, but also because this commission's purpose is something that I strongly believe in and support. I believe that the integrity of our democracy has been compromised, the current administration is rife with corruption and only an extremely small portion of this country is being represented, while the rest of us are at the mercy of large corporations and the people who give the largest contributions. I think the current system is broken, and I'd very much like to be a part of finding a solution that benefits everyone, rather than just a select few. Thank you very much for your consideration.
